TRAP N. U. SLAYER; CONFESES

TRIBUNE STARTS REFERENDUM ON ROAD WIDENING

Results to Be Put Before Nominees.

BY PUTNEY HAIGHT.

Frequent public meetings in community centers along the lines of the new radial state highways designated as requiring widening to 40 feet for a minimum distance of 100 miles from Cook county, are developing such evidence of a general clamor for this improvement that THE TRIBUNE has decided to conduct an informal referendum on the subject.

Yesterday a group of leading business men of Waukegan, Lake county officials and Kiwanis and Rotary members, at a meeting held to discuss the proposed program of highway widening, went on record with resolutions requesting immediate action, copies of which were ordered sent to the Republican and Democratic nominees for governor.

The opinion was expressed that a more representative plea might be preferred by candidates, and the suggestion made that THE TRIBUNE carry on a poll of motorists.

Hayes Presents Outline.

An outline of the plan for highway widening was presented by Charles M. Hayes, president of the Chicago Motor club, who told the audience that the real portions of Illinois are paying the transportation bills of the state. Speakers for the Waukegan community decided that practically a unanimous sentiment for highway widening existed there. This, they said, is heightened by a prospect of a deluge of traffic from Cook county in a few weeks, when the Waukegan road from Chicago to the county line will have been completed as a 40 foot road and will carry more than twice the traffic now considered normal.

Because of this immediate necessity, extension of the county's widened road system, it was suggested that a start be made at once to gather in large volume the signatures of those favoring the enterprise.

The purpose of the referendum by opinion is to inform the next governor of the state in definite terms of the strong movement now under way to obtain adequate roadway for automobile owners whose license fees have paid for them.

Coupons to Be Submitted.

In another column a coupon will be found which, when filled in and mailed to THE TRIBUNE, will register the sentiment of the individual. These coupons will be mounted and bound in album form, and the names so recorded will be presented to both the Republican and Democratic nominees for governor a considerable time before the fall election.

The coupons provide for the names, addresses and auto license numbers of those who are sufficiently interested in immediate widening to fill them in and mail to THE TRIBUNE. The coupon is to appear from time to time and reports as to numbers received published.

In presenting the Motor club's road widening program to the Waukegan meeting, Mr. Hayes said:

"The rural portions of Illinois, and other states, really are paying the price of congestion, though on the face of it it would appear that the city areas were the sufferers."

"This fact has taken a long time to gain acceptance, but today it is thoroughly recognized in our small communities. It is so well known in Illinois that any one with half an ear can hear the rumble of discontent that the residents of small communities could see no possible evidence of congestion and paid the annual congestion tax, but believing that the city people really were paying it."

"Today, with congestion reaching out to strangle small communities, our districts have awakened to the realization that congestion is a tax shared on the entire community and cannot be escaped any more on Main street than on Broadway or State street."

"I do not regard myself as one of the leaders of a movement for wider roads. Rather I am obligated to contribute which I have been forced by a concentration of public opinion. The sense of public opinion demands that we make objections to immediate action be overthrown."

Widening Contracts Ordered.

Another parcel of 40 foot road widening projects were ordered under contract by the board of county commissioners yesterday. The mileage of wide roads to come under these contracts is 12.5 miles.

LOWDEN CALLS HOOVER'S TALK AID TO FARMERS

Sends First Word by Oglesby.

"I am much impressed by Mr. Hoover's acceptance speech as a whole," former Gov. Frank O. Lowden announced yesterday, breaking a silence on his position since the nomination of Hoover.

The Lowden announcement was made through John G. Oglesby, former lieutenant governor and now head of the farm bureau committee of the Republican national committee, and former State Senator Clarence F. Buck. It put Lowden, who was considered the champion of the agricultural cause in America, on record, although Earl C. Smith, president of the Illinois Agricultural association, issued a statement in which the thought was expressed that Hoover had not gone far enough.

Lowden Feels Encouraged.

"With reference to agriculture," Mr. Lowden's statement continued, "his frank recognition of the agricultural problem as the most urgent economic problem in our nation today is very heartening."

"I have stated, I think a thousand times, that a general acknowledgment that the problem exists would be half the battle. If there had been such recognition years ago, the agricultural situation would be vastly different today."

Praises General Expression.

"Mr. Hoover in his acceptance speech," Mr. Lowden declared in his statement, "frankly recognizes that the most urgent economic problem in our nation today is agriculture; and that the solution of this question constitutes the most important obligation of the nation. No farm organization could ask for more in the way of general expression."

"In my judgment, Mr. Hoover's statement falls to give assurance of the means that will be adequate to secure the ends promised. He promises higher tariffs, waterway improvement and a farm board to set up stabilization corporations financed by government loans. This last proposal was the basis of the Crisp bill, which congress rejected in the last session and which failed to secure farm support."

Surplus Problem Remains.

"Mr. Hoover says the tariff is the foundation of farm relief and promises to use his office and influence to give the farmers the full benefit of our historic tariff policy."

"For five years, western farmers have demanded not only that agricultural tariffs be adequate, but that a way be found to make such tariffs effective on that portion of our surplus crops consumed at home. On the latter, Mr. Hoover is silent. This question has been too much in the forefront of farm relief discussion to be ignored. Farmers will want this question answered before they go to the polls in November."

Fall to Pick Chairmen.

Republican national managers were somewhat concerned with the selection of a Cook county campaign manager to replace Homer K. Galpin. George Woodruff, chairman of the National Bank of the Republic and one of the executives at the Hoover headquarters, and David E. Shanahan, state representative and manager of the Emmerson-Carter-Glenn state campaign, conferred with the Thompson-Crowe wing of the party.

A statement issued later declared that neither Woodruff nor Shanahan would accept the post for himself. What they want to do, they stated, was to suggest some plan of procedure on which all the factions might fully agree. They will meet again Thursday or Friday.

A Democratic caucus was also held for the same purpose—to agree on either a single manager or a committee to conduct the fall campaign. State Chairman Thomas F. Donovan, who is being represented by Representative Michael L. Joyce in the list of possibilities to succeed the late George E. Brennan as national committeeman, left for St. Louis immediately after the caucus.

It was understood no agreement had been reached but all favor a harmony arrangement with leadership honors being left until after the election.

THE TAMMANY FARMERS

They offer some constructive suggestions.

Western Rail Workers Vote on Strike Today

Sectional meetings by 30,000 members of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors connected with the western railroads, will be held today to vote upon a strike, according to the announcement of A. F. Whitney, president of the former group, made in Cleveland following the failure of attempts to arbitrate wage demands. The strike ballots were being prepared in the Chicago offices of the two unions yesterday.

Leave to Canvas Members.

Negotiations for a seven and one-half per cent wage increase for members in the road service were carried on here last week by a committee of the brotherhoods. Members of the committee left yesterday for their homes to canvass the membership of their respective systems.

The managers' conference committee offered the employees the seven and one-half per cent increase on the condition that they would agree to the abolishing of rules restricting the use of two locomotives to a train and limiting the number of cars which may be hauled by two locomotives, according to Chairman J. W. Higgins.

If this was not acceptable the managers offered as an alternative a six and one-half per cent increase.

Refuse Further Arbitration.

In declining the managers' committee proposal to arbitrate the demand increase, E. P. Curtis, president of the Order of Railway Conductors, and Mr. Whitney said that the issues have been the subject of four different arbitrations under the railway labor act and that the matter is not one which should again be submitted to arbitration.

BOY, 10, LOCKED IN THEATER, GIVES VICINITY THRILL

At 10 o'clock last night Mrs. Mary Andrews, 1433 Irving Park boulevard, called the Sheffield avenue police and informed them that her 10 year old son, Robert, was missing. Sgt. John Deshong sent out a message instructing all policemen to look for Robert.

At midnight Mrs. Andrews called again to report that Robert had not yet arrived. Several squads were especially assigned to the search.

At 1:45 a. m. an excited voice informed Sgt. Deshong that a woman was being murdered in the Blaine service theater at 2743 Southport avenue. The squads hunting for Robert were hastily rerouted to the theater, which they surrounded. Loud screams were heard as they broke into the place. There was no murder. It was Robert, yelling because he had awakened to find himself locked in.

4 COLLEGE YOUTHS DROWN WHEN BOAT CAPSIZES; 1 RESCUED

Westerly, R. I., Aug. 13.—(AP)—The sole survivor of a quintet of young college men whose 15 foot sail boat capsized in Fisher's sound last night. John B. Colohan today told how his four comrades were drowned.

The four men, whose bodies have not been recovered, were: Trowbridge Cottrell of Westerly; John McIlvaine of Ardmore, Pa.; Lloyd G. Bankson of Philadelphia, and Joseph H. Scates Jr. of Louisville, Ky.

Colohan said that the quintet left Watch Hill for Fisher's island in McIlvaine's boat. The trip over was uneventful. Early in the evening, he said, they started back.

"A sudden gust of wind hit the sail and tipped us over," said Colohan. "We all climbed to the bottom of the boat and tried to right the craft."

We swam around for a while trying to get her righted and then we all climbed on the side. Cottrell was the first to disappear. I think McIlvaine started to swim ashore. He was next to disappear."

After the disappearance of McIlvaine, Colohan, clinging to the capsize craft, apparently lost consciousness. He could not recall whether Bankson and Scates lost their grip on the boat or whether they attempted to swim for shore. Ten hours after the boat was found, a fisherman saw the Alden. He made for the wreck, to find Colohan delirious from exhaustion and shock.

GIRL WITNESS IN RONGETTI CASE HURT IN CRASH

Miss Lucille Altieri, 27, 4708 Westworth avenue, a nurse, two other women and two men were injured early this morning when an automobile in which they were riding crashed into a truck at 65th street and Ashland avenue. Miss Altieri, according to the Englewood police, was a witness in the case of Dr. Amante Rongetti, sentenced to death last March for the murder by abortion of Miss Loretta J. Enders in the Ashland boulevard hospital. Miss Altieri for some time was sought in vain in the investigation subsequent to the trial of the tactics of Attorney William Scott Stewart in connection with the case.

Miss Altieri was riding in the machine of Thomas Darwin, 1815 West Garfield boulevard, when it struck a truck driven by Clarence Huff, 6437 South Marshfield avenue. With her in the machine were Margaret Greenaby, a clerk, 6226 Clark avenue; Miss Jean Mehl, also a clerk, 5445 South Paulina street, and Adolph Duchoslav, 5119 South Marshfield avenue. The injured were taken to St. Bernard's and the Englewood hospitals.

[Other automobile accidents will be found on page 8.]

Steeplejack at 76 Finds Luck Is Odd

Years ago John Grimmins was a steeplejack.

That meant something. A steeplejack was a man of iron determination, a man of muscular prowess. If he lacked the courage to climb the highest flagpole or to cling with one hand to a cross atop a church while he gilded it with the other, he wouldn't have lasted long at his profession.

And John Grimmins lasted. He began being a human fly when he was in his early twenties. For thirty, perhaps forty years, he held on.

Steeplejack Is Youth's Job.

His friends are a little vague about just when he ceased his dangerous work. But they know he didn't quit because he was afraid. It was because people who had steeplejacking that needed doing declined to let a white haired old fellow risk his brittle bones too far from the ground.

Now John Grimmins is 74 years old. He has never admitted that he is too old to climb.

"What's the trouble with that kind of a job?" he asked a group of youths who stopped in front of his home at 1040 South Leavitt street last evening to hear his reminiscences. "You go up and you hold on and you can't fall off if you don't lose your grip."

Thinks Ground Dangerous.

"I spent about as much of my time in the air as I did on the ground and never got hurt. I'd be safer on top of a steeple than I would down here on the ground."

His hearers moved off. So did John Grimmins. As he walked across Roosevelt road at Leavitt street Leroy Pluff, 17 years old, 1843 South Washburn avenue, riding a motorcycle, struck him. John Grimmins, with a fractured skull, was taken to the county hospital. Physicians described his condition as critical.

SERBIANS RATIFY ITALIAN TREATY; CROATS ABSENT

BELGRADE, Jugoslavia, Aug. 13.—(AP)—The Nettuno conventions with Italy were unanimously accepted tonight by the parliament, with deputies of the agrarian parties absent and not voting.

The treaty confers upon Italians the right to own land within 30 miles of the Adriatic sea coast of Jugoslavia. It was concluded three years ago but not ratified.

The ratification of the conventions was part of the government's program opposed by Stefan Raditch, who died last week, having been wounded in the recent shootings in parliament.

A Croatian mob attacked and killed a Russian newswriter in Agram because Serbian papers were prominently displayed at his stand.

City's Repair Gangs Tackle Job, and How!

Gangs from the city's street department yesterday, for the first time in three months, began repairing street pavements in eight north and northwest side wards.

A note of high good humor and leisurely enjoyment was apparent in the operations of the laborers. An inspection of the gangs in the afternoon revealed that not much work had been done. But every one had a good time.

Several Tranquil Scenes.

High points of the inspection included the following:

1. A group of Negro workers in front of a radio store at 3860 Lincoln avenue crooning softly to the accompaniment of radio tunes while a yawning hole in the pavement awaited their attention.

2. Four blue shirted, husky Italians, a short distance away at Lincoln avenue and Byron street, munching ice cream cones and pie for half an hour.

3. Five laborers, at Halsted street and Wrightwood avenue, smoking pipes while watching with interest one of their companions, an energetic, gray haired man, tamp crushed stone into a hole in the pavement.

4. A sylvan scene at Halsted and Altgeld streets, where the working men played merrily with the youngsters who gathered around to watch the repairing.

At other places visited many of the men were working, but there were always from two to five men in each gang standing idly by, smoking or conversing.

The repair work was started by the bureau of streets of the department of public works as the result of an ordinance passed by a special session of the city council a week ago. Ten gangs were put to work and twenty gangs will be busy on the streets north of Madison street within a week, Commissioner Richard C. Wolfe promised.

Company Threatens Suit.

Attorney George W. Miller, representing the White Paving company, immediately served notice on Mr. Wolfe and Deputy Controller Louis E. Cooney that the White company will sue the city for a total of \$368,000 plus profits it would have made upon its paving contract, unless Mayor Thompson signs a previous ordinance agreeing to pay \$275,000 to the company for paving work already done.

The first paving gang visited was engaged in filling in holes in the brick pavement of Halsted street near Wrightwood avenue. The bricks were pried up and scraped off. Fine crushed stone was sprinkled in the holes. The bricks were then replaced and tar placed over the patch.

Workers Are Cheerful.

The brick scrapers appeared a despondent lot. Four of them sat on the sidewalk and tapped the bricks with hammers, knocking off particles of mortar. Now and then, the workers would stop and gaze into space for long periods. No one appeared to be supervising them.

There was more cheerfulness among the remainder of the gang of eighteen men. In the shade of a tool box, three workers held an excited argument. But no shade of ill-feeling was observed. At one side, one man leaned on a shovel and another on a brush. Throughout a fifteen minute period, they did not even quiver.

A passerby, interested in methods of street repairing, stopped to ask some questions. Four or five of the men ceased operations to advise him. A pall of water was brought to the perplexing workmen and a general recess was declared.

Two workers were observed prying.

(Continued on page 12, column 4.)

THE WEATHER

TUESDAY, AUGUST 14, 1928.

Sunrise, 5:37 a. m.; sunset, 7:52 p. m. Moon sets 8:26 p. m. Aug. 13.
Chicago and vicinity—Fair and somewhat warmer Tuesday and Wednesday; gentle to moderate southeast to southwest winds.
Illinois—Fair Tuesday, warmer in north and central portions; Wednesday partly cloudy, possibly showers in northwest portion; warmer in northeast portion.

for her Ph. D. degree at Northwestern university, and head of the department of English at Bradley Polytechnic Institute in Peoria.

Miss Constance was noted for her scholarly attainments and was in demand on the lecture platform.

Shanks' confession was witnessed by Mayor Charles H. Bartlett, Chief Freeman, Chief W. M. Peterson of Winnetka, Chief Charles F. Pasch, Carl Eckman, chief of detectives, Patrolman L. M. Dickinson, and F. O. Ingraham, Charles R. Patches, K. S. Beall, Walter Deaver, and A. F. Lippman, citizens of Winnetka.

Mayor Praises Chief

Mayor Bartlett was profuse in his praise of Chief Freeman, who was a lieutenant at the Chicago detective bureau when he was chosen to head the Evanston department. Chief Freeman was also given praise for his services, but Mayor Bartlett said it was Freeman who had crowned himself with glory.

"Everybody in Evanston is relieved and pleased," Mayor Bartlett said to Chief Freeman. "You deserve the thanks not only of all the citizens of Evanston but those of Chicago and the entire north shore, as this man was a savior to our womanhood."

It was only yesterday that Coroner Oscar Wolf had criticized the Evanston police, saying they had bungled the job of tracing the slayer.

A coroner's physician, Dr. W. A. Lynott, had performed a post-mortem examination of the body and departed from Evanston. Next day Deputy Coroner James Gleason went there and conducted a partial inquest, continuing it until Sept. 15.

A suspect had been arrested, John Burke, mental deficient, often arrested for morose misdeeds. Stains on his clothing appeared to be blood and when the Northwestern university officials had offered the services of three scientists, a McNally was sent to Dr. McNally, the coroner's expert on matters of that kind.

Dr. McNally Cooperates

Dr. McNally was on hand within twenty minutes and gave the police every cooperation. He found that the Burke stains were iron rust. But the pressure in Evanston for a solution of the crime and an arrest was so great that Coroner Wolf was moved to say: "I do not wish to criticize any one, but in line with my policy of cooperation between public officials I feel that the facts in the case warrant an investigation."

His complaint was that the Evanston police did not go to his office with every new turn of events in the investigation.

But Chief Freeman was not idle. He was on his vacation and was in northern Michigan when the crime was discovered last Wednesday. He was home Thursday evening.

Chief Starts to Work

Until then nothing tangible had been discovered. Burke had been arrested—and the police had only the piece of pipe as a working basis. The pipe might have come from any one of a dozen places. Similar pipe was being used in conduit work going on in the residential district of Evanston where the crime was committed.

Chief Freeman made a belated tour of the vicinity, studying the terrain all around. Figuring out for himself the way the murderer probably had come and did run—Freeman walked around the block, down Orrington street to Emerson street, then west.

His eye detected a glittering object in the grass. He picked it up. It was a black silk ribbon, obviously the hand of a woman's wrist watch. Attached to one end was a part of a gold buckle.

"This may have come from her watch?" Freeman said. It had.

When the ribbon was shown to Miss Margaret Constance, sister of the dead woman, she identified it.

The Right One at Last

Then, for the first time, it was known that the slain woman had worn a watch. The family had not thought to tell of it before.

"The watch will be our most important clue," Freeman told his assistants. "It will probably be our only clue. Sooner or later that watch will reach a jewelry or pawnshop."

"Then we'll get our man." And it was so.

Evanston citizens were insistent on action. The streets of Evanston must be safe for its womanhood, the residents were saying, and Evanston, with its scores of millionaires, hundreds of wealthy and prominent citizens, its university with its host of professors and their families, its co-eds and its summer students, wanted protection and Chief Freeman was hearing of it every day.

Rewards are Offered

President Walter Dill Scott of the university offered a reward of \$1,000 for the capture of the killer. Another \$1,000 was offered through a citizen's committee and Maj. George Padock

Capture of Evanston Woman's Slayer Follows Week of Futile Hunt for Clues

The murder of Miss Jennie Meta Constance, the scholarly 43 year old school teacher and summer school student at Northwestern university, occurred last Tuesday night in the heart of the faculty colony in the university suburb.

The capture of Miss Constance's murderer comes after nearly a week during which the police ran down numerous clues which proved fruitless.

Her body was discovered early Wednesday morning by D. Thompson, a milkman, when he made his delivery at the home of Attorney George H. Peake at 708 Foster street. The body was lying on the lawn behind a high hedge which surrounds the Peake premises.

When the police arrived at the scene they discovered near the head of the victim a section of iron pipe painted a battleship gray. This, it seemed, had been used as the bludgeon with which Miss Constance's head had been crushed. The pipe was an unmarked napkin, which, according to the theory at first formulated by detectives, had been wrapped around the pipe to obscure finger prints.

Movements are Traced.

The movements of Miss Constance during the previous evening were traced. It was discovered that after dining with her mother and sister, with whom she was boarding at 713 Foster street, only a few doors from the scene of her death, that she made her usual evening trip to the Orrington-Lunt library on the university campus.

Her presence in the library was re-

called by an attendant who had been requested by Miss Constance for a book. At 9:40 this attendant established that Miss Constance had left the library. At that time he pushed back the chairs in the reading room and turned on the lights. And shortly before leaving, Miss Constance phoned her elderly mother that she had started for home.

Then Miss Constance walked down the steps of the library on the warm August night with a brief case under her arm. She crossed Sheridan road and walked to Foster street. From Sheridan road to Orrington avenue in dimly lighted and heavily shaded Foster street she proceeded.

Story of the Murder.

The Peake home is on the northwest corner of Foster street and Orrington avenue. The house is set back from the street and the lawn is surrounded by a hedge.

As she passed in front of the Peake residence, it was the reconstructed theory of detectives that a criminal struck a crushing blow from behind and dragged behind the hedge which concealed the murderer and his victim. Examination of the body disclosed that the killer was a degenerate of the most dangerous type.

After mistreating his victim, police believed that the Negro—they never relinquished the theory that a Negro was guilty—struck her two more blows with the pipe either to make sure of her death or in fear of finding that she was regaining consciousness.

The solution of the crime appeared so baffling to ordinary detective meth-

ods that three Northwestern university scientists volunteered their services.

When other clues failed the scientists turned their attention to the iron pipe. But although they helped to determine the origin of this weapon, this discovery did not lend assistance in solving the mystery.

Neither did the napkin found at the scene serve to point the way. It was ascertained that this cloth was identical to the napkins used in the North Shore coffee shop of the North Shore hotel. But here again this information proved valueless.

Throughout this line of investigation, Chief Freeman continued to maintain that the watch would solve the murder. He placed two informants in the Negro district of Evanston to be on the alert for any person who might desire to sell a watch.

Start Segregation Move.

The murder of Miss Constance stunned Evanston. The security of the university town, which is noted for its quietude and lack of crime, was shocked. Women feared to venture on the street at night and police received hundreds of telephone calls requesting police escort for women who were compelled to appear at night.

Headed by Attorney Harold J. Clark, president of the Evanston crime commission, a movement was started to formulate a bill for the segregation of morons. The city council was requested to provide better lighting facilities for the streets in the neighborhood of the university, where the safety of university students was felt to be jeopardized by this new menace.

skinned powerful Negro of 5 feet 7 inches, weighing 170 pounds, was seated.

"What about the watch?" they asked him first.

"I guess you got the right man," he told them. "I killed her to rob her. I hit her first and then when I dragged her behind the bushes she moaned and I hit her again a few times."

The slayer fixed the time at about 10 o'clock Tuesday night. The Peake family had been sitting on the front porch until 9:45 o'clock and then they went inside and turned on the radio. They said they had heard neither a scream nor a moan, and their neighbors said they had heard nothing either.

Sister Walks Near Body.

It was shortly after 10 o'clock that Miss Margaret Constance walked to the Orrington Lunt library, because her sister had said she would be home by 10 o'clock, and she wasn't. The sister walked past the prostrate form on the other side of the hedge and heard nothing. After she had police-men enter the locked library, on the chance Jennie had been locked in, the police recorded her as missing and a general search was started, but it was not until 5 o'clock that the body was found.

"I picked up the pipe on Chicago avenue in Evanston," the man said. "I left the shoe stand about 8 o'clock and walked around looking for some one to rob."

"When I got up there at Foster street and Orrington avenue I saw the street and thought that would be a good place for me to hold up some one. I got back of the hedge and I saw the woman coming along."

His Story of Crime.

"I stood near the opening and when she came along I reached over and struck her. After I had her behind the hedge I pulled the watch off her wrist and broke the strap. Then I took the purse but there wasn't anything in it."

I searched her clothing and there was no money in it. Then I ran and went back to the shoe shop and slept there. I got \$1.15 for the watch from Lebert."

He said he had been employed at the shoe stand owned by Eastman Street for three weeks and that he received \$8 a week. Before then he worked around 30th and State street.

The watch was taken to the home of Mrs. Adella B. Anderson, with whom the Misses Constance and their mother, Mrs. Meta Constance, lived while the teacher was studying at Northwestern. Mrs. Anderson at once identified the watch.

Police Change Plans.

Then, after all the statements had been taken, Mr. McNally had completed his work. Prosecutors Levy and Dillon suggested that Shanks be taken down for safekeeping. But, looking at the crowd outside, who were being kept in check by main force, Chief Freeman decided it would be dangerous to attempt the trip.

"I was sure it was a Negro that committed the murder," Chief Freeman said during the congratulatory period last night. "When I found the wristband I had it doped out that the murderer was heading for the colored section of Evanston after the crime and I had hunted that district high and low. I knew if we couldn't locate the man quickly we would never get any bloodstains on him, but I was certain the watch would come to our attention."

"Men all worked faithfully on this investigation, and we are all thankful we have given the citizens of Evanston the service they are entitled to."

Edwin K. Walker Becomes U. S. Commissioner Today

Edwin K. Walker, former Municipal court judge, will take office today in the Federal building as United States commissioner, succeeding Henry C. Bettler. The appointment was made recently by the judges of the Federal District court. Commissioner Walker has been assigned to an office adjacent to that

FIVE BANDITS ROB M'HENRY BANK OF \$12,000 CASH

Suspect Escaped Killer as Gang's Leader.

(Pictures on back page.)

Five robbers, one of whom is believed to have been Bernardo Roa, a giant Mexican criminal who escaped from the Joliet jail while awaiting hanging, entered the West McHenry State bank at McHenry yesterday noon and escaped with about \$12,000. Spurred on by a reward of \$1,000 for the capture of the robbers, offered by the McHenry County Bankers' federation, deputy sheriffs and state highway police last night were searching the countryside southeast of McHenry in the belief that the quick alarm given after the stickup had caused the bandits to give up an apparent intention to drive into Chicago.

One Suspect Is Arrested.

One suspect was arrested near Wauconda early in the afternoon. He said he was William Duke and that he was a cook in a restaurant on 23d street. Residents of the vicinity caught him after a small automobile in which he was riding fell into a ditch. Sheriff Cyrus Sanford expressed an opinion that he was one of the bandits and that he had left the blue, red wheeled Stutz car in which the five men left the bank only a short time before he crashed.

Four of the robbers were described as Mexicans, dressed in blue overalls and wearing sun visors in lieu of masks. The fifth man was an American of slight build, which fits the description of Duke.

The five, two with pistols and three with short shotguns, parked the blue car across from the bank and ran into the lobby. Matt B. Laues, a real estate dealer, and Earl McNear, a billiard hall proprietor, were forced to lie down in front of the cages. Gerald J. Carey, cashier; Floyd Foss, assistant cashier, and Harold Bacon, teller, were given similar orders.

They Overlook \$20,000.

Then, while three of the Mexicans stood guard, the other men walked behind the railing and thrust all the currency they could find into a small canvas sack. They missed \$20,000.

Attention was called to the Roa angle by the South Chicago police. They received a tip early in the day that he was in the Mexican quarter in the steel district and was plotting a sensational robbery. A building at 8315 The Strand was raided, but it was later learned Roa had gone out of town.

Roa was one of six men convicted of killing a warden while escaping from the Joliet penitentiary. All were

RADIO HELPS POLICE IDENTIFY MURDER VICTIM; HUSBAND HELD

South Bend, Ind., Aug. 13.—(Special.)—A radio broadcast description of a slain woman led this evening to the identification of Mrs. Lillie Mae Carmean, 33, a factory worker, who was shot to death on the street this afternoon.

Following the murder the slayer was reported to have attempted suicide and then fled, and the police began hunting him, without success. Then a neighbor of Mrs. Carmean, who had heard the description of the victim given over a local newspaper radio, aided the police in identifying the victim.

Mrs. Carmean was shot four times. Her husband told the police that he had had no domestic trouble, and that his wife had been happy when she started to work this morning. He is being held for further questioning. The Carmeans had one son.

sentenced to hang, but as they waited, with the gallows ready for them, they broke jail. One was killed and three captured. The captured have since been hanged. Roa alone is at large, the sixth man, Charles Slader, being caught a few weeks ago.

Smash Safes, Get \$8,100 Building Association Cash

Thieves broke into the offices of the Lake View Building and Loan association at 3021 Milwaukee avenue, some time between Saturday evening and yesterday morning, broke two safes, and escaped with \$8,100 of the association's funds. Officials told the police that they had not deposited the money in a bank because they considered the safe burglar proof.

WOLFF DEFENDS STAFF ACCUSED OF IGNORANCE

Charges Political Motive in Hektoen's Attack.

Coroner Oscar Wolff last night defended his medical staff from the charge of ignorance. He declared that himself had enjoyed the use of the dissecting knife. His policy, while adding scientific research, was of assistance to undertakers, he said, and he was anxious to make a campaign issue on the question.

"Let the people decide whether the guys can put a bunch of high-heeled shoes on a woman's body," said Wolff, who is in charge of the county's pathological laboratory.

Wolff "Against Pathology." "Pathology," Wolff calls it, and he is against it. The dictionary defines the word as "the branch of medical science that treats of the causes, symptoms, and anatomy." Wolff defines it as "mutilation."

The coroner was bitter against the medical profession, seemingly. A nervous little man, with bent nose, he paced the carpet of his county building office, dictating a report to an unfavorable report on his conduct prepared by Dr. Ludwig Hektoen, head of the pathology department of the University of Chicago.

Wolff's little black eyes looked over his long nose; the butt of a cigar in his small mouth. His unimpressive chin was set and his thin lips were mused over his forehead.

Hektoen and Le Count. "This guy Hektoen is associated with the Le Count I fired from my office four years ago," he said, referring to Dr. R. R. Le Count, professor of pathology at the University of Chicago. "I fired him because he was a woman's man."

Several witnesses identified Wolff as one of several gunmen who established a hall for the Denen and Chicago Bar association watchers on primary day, at 1352 South Peoria street.

This address is but a block from the home of Judge Emanuel Heller at 1201 South Peoria street, which is also claimed as the legal address of the judge's father, Morris Heller, boss of the 20th ward.

New Jury Convened Today. Evidence against Wolff will be submitted to the August special grand jury, which today will launch into new investigations of the alliance between Chicago crime and Chicago politics.

Dr. Stansbury, in full charge of the inquiry during the short vacation being taken by Special Prosecutor Frank J. Loesch, said that the jury will first hear vote fraud evidence.

Former Judge Frederick L. Fike, special assistant attorney general, who directs the deliberations of the special grand jury, is expected first to present evidence against Clarence L. Delorme, charged with having stolen a ballot box in the 42d ward on primary day, and against Howard Reddy, accused of responsibility for the Nulty.

After adjournment they made no announcement of any decision in regard to the report which was published by the Illinois Association for Criminal Justice in cooperation with the Chicago crime commission.

"If I follow the wishes of Dr. Hektoen," Wolff continued, "I'd appoint a pathologist in his class—with an earning capacity of from \$10,000 to \$20,000 a year—the public might ask, 'How do those doctors make up the difference when the county can only pay them \$250 a month?'"

\$250 a Month or \$500 an Hour. "It would be interesting for Dr. Hektoen to suggest the pathologists whom I might place on my staff who are not already on the pay rolls of some corporation or insurance company or bonding company. Why should an eminent pathologist desire to work for the county for \$250 a month when an insurance company will pay him \$500 an hour for testifying in court against widows and orphans?"

"Science or human interests—that's the issue." Dr. Fiebelin, when told of the coroner's charge against him, said it was true that he had once received money from Dr. Hektoen. About four years ago, Dr. Fiebelin said, he received a fee, less than \$100, for his work in helping Dr. Hektoen edit some of his books on the care of infants. The former health commissioner declined to comment on the coroner's statements.

Allison Left No Will, Miami Report Asserts. Indianapolis, Ind., Aug. 13.—(Special.)—James A. Allison, Indianapolis and Miami Beach capitalist, who died Aug. 2, left no will indicating disposal of his estate of between \$2,500,000 and \$3,000,000, it was revealed today by Crute D. Bowen of Miami.

Suspect Seized as Jailer of Kidnaped Polls Worker

Mike Winnick, business agent for the Soda Water Drivers' union, was arrested last night as another of the political jailers who guarded kidnaped election workers and watchers last primary day in a quagmire of the 20th ward. According to David D. Stansbury, first special assistant attorney general, Winnick will be charged with conspiracy to kidnap.

Several witnesses identified Winnick as one of several gunmen who established a hall for the Denen and Chicago Bar association watchers on primary day, at 1352 South Peoria street. This address is but a block from the home of Judge Emanuel Heller at 1201 South Peoria street, which is also claimed as the legal address of the judge's father, Morris Heller, boss of the 20th ward.

New Jury Convened Today. Evidence against Winnick will be submitted to the August special grand jury, which today will launch into new investigations of the alliance between Chicago crime and Chicago politics.

Dr. Stansbury, in full charge of the inquiry during the short vacation being taken by Special Prosecutor Frank J. Loesch, said that the jury will first hear vote fraud evidence.

SHIP-TO-SHORE HOP WITH MAIL SAVES 12 HOURS

Plane Leaves Liner 450 Miles Off New York.

New York, Aug. 13.—(Special.)—An amphibious plane loaded with mail was tossed by a catapult from the deck of the French liner Ile de France, 450 miles off port, this afternoon. As a result, a copy of the Paris edition of The Chicago Tribune printed on Aug. 13 reached the New York office of The Tribune a good twelve hours ahead of normal schedule. It was part of the first mail shipment from Paris to plane to shore scheduled as regular service later.

The plane made the ship-to-shore flight in about four hours, landing at the French liner pier on the North river at 5:30 o'clock. The liner will not reach her dock until tomorrow morning.

The flight inaugurates a regular ship-to-shore mail service, which is expected to cut approximately sixteen hours from trans-Atlantic mail service.

Tell Scope of Service. Inclosed with the copy of The Chicago Tribune Paris edition on the initial trip was a letter from Henry Wales, Paris correspondent of The Chicago Tribune, to the New York correspondent of the paper outlining the scope, aims, and rates of the service. It follows:

"Herewith today's European edition which we are mailing via the new airplane-steamship service starting in connection with this voyage of the Ile de France. If weather permits, the airplane will be catapulted from the deck of the liner the day before she is due to arrive at New York, which should be Monday next, Aug. 13. The plane will skirt the shore from somewhere near Halifax, flying down to New York.

"Eventually the same thing will be done on this side, the airplane taking off from the ship when it is still a full day out from Europe, somewhere south of Ireland, and flying to Brest or Cherbourg, and then through to La Bourget airfield at Paris.

Catapulted from Deck. The extra price for this mail is extremely heavy, ten francs (forty cents) for each 10 grammes or fraction. This letter with the newspaper inclosed, is costing about a dollar's postage (no funds in the bag).

The machine, a biplane, piloted by Commander Louis Demouget, was shot by catapult from the boat deck of the liner. The catapult consists of a short runway on the deck, and a launching carriage which is capable of hurling an eight ton load into the air at a speed of sixty miles an hour. The device is operated by the pilot of the plane.

Commander Demouget made a perfect takeoff and struck a bee line for quarantine where he landed just long enough to go through a perfunctory health and customs examination. Then he took off anew and winged his way to the New York City pier.

2 Other Men in Plane. From the pier the mail was rushed to the general postoffice in 34th street by a fast truck and sorted out for distribution in record time. Ten minutes later the Paris package was in The Tribune correspondent's office in West Forty-third street.

Reads Commander Demouget the ship-to-shore plane carried two other men, B. Monrouveux, a wireless operator, and A. Sarzach, mechanician. Ultimately the French line plans to arrange accommodations for as many as six passengers on these time saving ship-to-shore flights.

The plane used in today's inaugural is a little over forty-seven feet long and fifteen feet high and has a wing spread of fifty-two feet.

BOY SHOT BY ACCIDENT. While playing with his rifle brother's rifle yesterday, Milton Gundlach, 12, of Midlothian, Ill., shot and wounded his playmate, Albert Pence, 8, in the abdomen. The Pence boy is in a critical condition at the local Memorial hospital at Harvey. Milton is being held by the Midlothian police.

WALLACE BEERY SUED BY ACTRESS FOR \$1,000,000

Los Angeles, Cal., Aug. 13.—(Special.)—Juanita Montanya, 31, former motion picture extra, today filed the second suit within a year, in which she demands \$1,000,000 from Wallace Beery. She accuses Beery of being father of her one year old son.

Attorneys for Beery, who is married, characterize her charges as blackmail and said, "We welcome a day in court to meet these charges."

Shortly after filing her original suit in September, 1927, the Mexican actress was summoned to a conference with the district attorney but vanished from a girl's home and did not appear. Police records show a Juanita Montanya, Mexican screen actress, was arrested two years ago, charged with trespassing near Richard Dix's house with a gun.

DRY PARTY MAY DROP TICKET AND TURN TO HOOVER

New York, Aug. 13.—(Special.)—The strong probability that by Sept. 1 the Prohibition party will withdraw its candidates from the national political field to throw its vote to Harry Hoover was voiced tonight by Leigh Colvin, chairman of the party's national committee.

Mr. Colvin said he is mailing letters to all the members of the Prohibitionist national committee to sound them out on the matter, the recent national convention of the party having authorized the committee to "replace the chosen candidates by others," should they so desire, up to the date of Sept. 1.

N. Y. Gangsters Miss Man; Hit Woman Wheeling Baby

New York, Aug. 13.—(AP)—Five gangsters waiting in an automobile in the Bronx to shoot a man today opened fire when their intended victim neared the car, missed him, and hit a mother wheeling a baby carriage. The woman was Mrs. Sally Graham, 21, wife of Stephen G. S. Graham, civilian engineer for the quartermaster's corps of the United States army. The bullet entered her jaw. Physicians said her condition was not serious.

Sleeping Car Service Added to British Motorbus Line

(Chicago Tribune Press Service.) LONDON, Aug. 13.—Motorbus service in England enters a new era tomorrow night, when the first sleeping coach leaves London. The Albion Roadways, Ltd., the firm operating the new type of motor transport, announces that the buses will leave London at 11 p. m., arriving at Liverpool in about eight hours.

Talking Juror in Sinclair Case Pinched as Disorderly

Washington, D. C., Aug. 13.—(AP)—Edward James Kidwell, the juror whose conversations outside the courtroom figured prominently in the trial in the case of Harry F. Sinclair, oil magnate, in the District of Columbia Supreme court, was arrested today in a police raid. He was charged with disorderly conduct.

37 BOYS ESCAPE FROM SCHOOL AT ST. CHARLES

Maj. Butler, Ex-Official, Blames New Policy.

Thirty-seven inmates of the St. Charles School for Boys have escaped from the institution within the last two weeks, it was admitted yesterday by Chief of Police Harry A. Crawford of St. Charles. He is siding officials of the school in the search for the young fugitives.

The boys, who chafe at their confinement more especially during the summer months, have found a natural ally in the corn fields surrounding the school. The tall corn not only makes it easy for them to slip away, but also difficult for their pursuers to capture them.

23 Escape in Three Days. Eleven of the boys escaped last Friday, six on Saturday, and six on Sunday. The majority of them made their getaway at night by tying bed sheets together and lowering themselves.

Maj. William J. Butler, former acting superintendent of the school, in a statement last night attributed the large number of escapes to the new policy of the school which does away with military discipline and corporal punishment such as Maj. Butler maintained during his regime.

One year ago, on his appointment to the position, military order and discipline and the application of the last for infractions of the rules were introduced by Maj. Butler.

Tells of Warning. "I warned the authorities that they might anticipate such a situation as this," said Maj. Butler last night. "Without military discipline, the boys will naturally run wild. The system of whipping offenders worked. In fact, many boys asked to be whipped for punishment in preference to being placed in a cell, where the more serious offenders would be handcuffed to the bars and put on a bread and water diet. This latter method of punishment is brutal."

Otto Elliott, at present acting superintendent at the school, was in Springfield yesterday and could not be reached.

DRY AGENTS IN INDIANA TO PUT ON UNIFORM CAPS

Badges Also Will Fly from Coat Lapels.

(Picture on back page.)

Indianapolis, Ind., Aug. 13.—[Special.]—Federal prohibition agents patrolling highways in Indiana to enforce the ban on rum runners will wear uniform caps and insignia after Sept. 1, according to word received today by George L. Winkler, deputy prohibition administrator for Indiana.

Agents Attend School.

Six agents for patrol service were selected by Winkler today from his force of twenty-five men who were here to attend a school for enforcement agents which Winkler conducted in the federal building. Office reports were discussed by Winkler in the forenoon session, and individual difficulties which the agents have experienced recently in their work were ironed out at the afternoon meeting.

William N. Woodruff, acting administrator for the district, which embraces Indiana and Ohio, will talk to the agents tomorrow.

No change was reported today in the condition of Clarence Smith, 16, gravely wounded in a raid near New Albany Friday by agents from Winkler's office.

W. T. C. U. Polices Fair.

Columbus, Ind., Aug. 13.—[Special.]—Special police employed by the Bartholomew county W. T. C. U. are on duty at the county fair here in an effort to enforce the prohibition laws. Because the fair ground is outside the city limits, city police refused to extend their duties to the fair and Linza Allen, sheriff, refused a request of the W. T. C. U. to appoint special deputies because he said he did not know whether the county commissioners would stand the expense. Then the dry organization employed its own officers.

OTHER STATES FIGHT COAST FOREST FIRES

San Francisco, Cal., Aug. 13.—[Special.]—Forest fires in California were well under control today, but other Pacific coast states were organizing their forces to deal with flames that were forcing fire fighting crews back at various points.

While rangers rested on several California fire fronts, Blanchard, Idaho, sent out a call for 200 additional men to combat the flames sweeping toward that community. Another fire, two miles west of Fried river, Idaho, was confined to a small area today.

Near Yosemite park, Cal., the fire that for a time threatened to sweep into the big trees, was stemmed by a crew that fought it on a 30 mile front for six days.

Other California fires being watched today were at Miami mountain, on the edge of the Sierra forest in Madera county, and in the Sequoia National park.

DROWNS

HUGO OPLATKA.

(Portrait Photo.)

Jack Cralley, 8 years old, of 1314 South Loomis street, was drowned in the lake at 79th street yesterday, and his sister, Margaret, 7 years old, who also sank when the two went beyond their depth, was revived by a lung-motor squad. An older sister, who accompanied the two children to the beach had remained on shore.

Five other deaths by drowning were reported in the Chicago district over the week-end. They are:

Hugo Oplatka, 48, of 4373 Elston avenue. Drowned in the Rock river near Beaver Dam, Wis., Sunday, when he fell from a row boat.

Anna Szesztinski, 12, of Chicago. Drowned at Silver lake, Wis., while her two brothers saved her chum, Lottie Wanek, 11.

John Ladway, 11, of 2131 West Grand avenue. Drowned in the lake near the Navy pier when his fish hook caught in a piling and he pulled so hard he lost his balance.

Grace Garrett, 19, of 4338 North Ashland avenue, who wandered away from friends at Clarendon beach Sunday and was not missed until her body was recovered.

Patricia Maher, 3, of 4123 Monticello avenue. Drowned Sunday while wading in a pool at her parents' summer home near Antioch.

Other deaths by drowning were reported in the Chicago district over the week-end. They are:

Hugo Oplatka, 48, of 4373 Elston avenue. Drowned in the Rock river near Beaver Dam, Wis., Sunday, when he fell from a row boat.

ATWELL CHIDES SCOFFLAWS FOR VIOLATING LAW

"A Little Less Decent Afterward," He Says.

New York, Aug. 13.—[Special.]—Even persons well situated in life are "a little less decent" after they have violated the Volstead act, Federal Judge William H. Atwell of Dallas, Tex., now sitting in Brooklyn, today told ten violators of that law in imposing on them fines and short prison terms.

"It costs the government \$300,000, 000 a year for a navy to protect us from enemies abroad," Judge Atwell said, "but it costs more than \$13,000, 000,000 yearly in the administration of criminal laws by the nation, states and municipalities to defend ourselves against ourselves."

An Economic Question.

"This seems to me very interesting. It makes the administration of criminal law not merely a sentimental or moral, but an economic question. It affects business and it affects the pocketbook of the humblest citizen, through the huge amount of taxes required."

"You men are pleading guilty to violations of the national prohibition law. There is great difference of opinion regarding this law. Some believe it never should have been passed. It was passed, after a battle continuing over many years, and those who didn't believe in it lost."

"Not Good Sportsmanship."

"We have it, anyway, whether we like it or not. It is not good sportsmanship for those who lost the battle to go out and say it could not be enforced and then demonstrate this by breaking the law in a sneaking way."

"Lots of fellows are sneaking into speakeasies, dodging through back alleys and sitting through night clubs for a drink. You are different. You say: 'Yes, Judge, we broke the law and we are making a clean breast of it and hope you'll be easy as you can.' But I must remember, and you must, too, that it is not decent to break the law."

The ten violators were fined sums ranging from \$10 to \$200 and prison terms up to thirty days.

Suburb Votes to Create Memorial Park District

The creation of a park district in Melrose Park and a portion of Leyden township was sanctioned by the voters of the town in a special election held yesterday. The bill was passed by 281 votes. Five park commissioners were also elected. They are Dr. A. W. Trebbell, W. A. Biefield, R. W. Guerin, N. O. Trumbull and Peter D'Francisco. The project will be known as the War Veterans' Memorial park district.

Other deaths by drowning were reported in the Chicago district over the week-end. They are:

Hugo Oplatka, 48, of 4373 Elston avenue. Drowned in the Rock river near Beaver Dam, Wis., Sunday, when he fell from a row boat.

Anna Szesztinski, 12, of Chicago. Drowned at Silver lake, Wis., while her two brothers saved her chum, Lottie Wanek, 11.

John Ladway, 11, of 2131 West Grand avenue. Drowned in the lake near the Navy pier when his fish hook caught in a piling and he pulled so hard he lost his balance.

72 Payrollers Discharged from Ettelson's Office

Seventy-two pay rollers in the office of Corporation Counsel Samuel A. Ettelson, with salaries ranging from \$1,200 a year to \$50 a day, for a total of about \$80,000 annually, lost their jobs yesterday.

In making public the list of assistant and special attorneys, experts and investigators lopped off his rolls, Mr. Ettelson emphatically reiterated that "the mayor means business in trying to avert the \$2,000,000 deficit hanging over the corporate fund." He intimated that other department heads—each of whom is assigned a quota to save—will be wise to follow his example if they value Mayor Thompson's favor.

Police Attorney Let Go.

Leading the list of attorneys fired yesterday was John Tyrrell, assigned to the police department at \$6,000 a year. As police attorney he gathered evidence in criminal cases and prosecuted erring policemen before the trial board. His outstanding work in the latter capacity was to convict Capt. John Stege, recently cleared and reinstated as deputy commissioner.

Edward Coath, son of J. Lewis Coath, former president of the school board, also was discharged. For a year he had been investigator at a salary of \$1,680. Another losing his job was Samuel E. Pincus, city attorney, who had retained as special counsel at \$50 a day.

The list included 19 assistant corporation counsels, six assistant prosecuting attorneys, three assistant city attorneys, six special "per day" men, 33 investigators, and five miscellaneous employees.

Flexibility Draws Fire.

Mr. Ettelson's cut into his investigators' roll was considered significant. It was the flexibility of this roll that drew the heaviest fire during the April primary. Ten days before the election Mr. Ettelson had 318 investigators and ten days after he dropped 238 of them. Thirty-three of those remaining went yesterday. One of the latter group was Fred Zickfeld, 1916 West Garfield boulevard, recently shown by THE TRIBUNE to be holding a job with the Irvine Coal company.

Mr. Zickfeld is the fourth "double duty" jobholder exposed by THE TRIBUNE to be dismissed. A month ago three sidewalk inspectors engaged in outside occupations were dropped from the law department pay roll yesterday and their salaries followed:

Assistant Corporation Counsels.

J. M. Brumfield, \$3,600; C. A. O'Connor, \$6,000; Carl W. Larsen, 4,000; H. W. Menesley, 6,000; Chas. W. Kopf, 4,000; Hector Brouillet, 6,000; Robt. E. Ward, 4,000; Jacob Connell, 2,400; Donald I. Graham, 4,000; Geo. C. Adams, 2,400; Lewis C. Ball, 5,000; George Hansen, 2,400; Chas. Jenkins, 2,400; Chas. Lounsbury, 3,600; D. T. Alexander, 5,000; Robt. Woodward, 4,500; David Brill, 4,000; Nathan Gluck, 5,000; L. F. Carmody, 3,600.

Assistant City and Prosecuting Attorneys.

Samuel Harris, \$3,000; W. Kent, \$3,000; Samuel Grant, \$3,000; Chas. Sussell, 3,000; H. Weinstein, 1,800; Sidney Ruben, 2,500; John Roemer, 2,000; Nuncio Bonnell, 2,400; Joseph Ball, 2,000.

Special "Per Day" Experts.

Samuel E. Pincus, \$50; E. C. Mapledorn, \$50; Victor Frohlich, \$50; Albert C. Lower, \$50; Chas. Hoepfer, \$50.

Investigators.

John Murphy, \$1,680; Edward Coath, 1,680.

Other deaths by drowning were reported in the Chicago district over the week-end. They are:

Hugo Oplatka, 48, of 4373 Elston avenue. Drowned in the Rock river near Beaver Dam, Wis., Sunday, when he fell from a row boat.

Anna Szesztinski, 12, of Chicago. Drowned at Silver lake, Wis., while her two brothers saved her chum, Lottie Wanek, 11.

John Ladway, 11, of 2131 West Grand avenue. Drowned in the lake near the Navy pier when his fish hook caught in a piling and he pulled so hard he lost his balance.

Grace Garrett, 19, of 4338 North Ashland avenue, who wandered away from friends at Clarendon beach Sunday and was not missed until her body was recovered.

Patricia Maher, 3, of 4123 Monticello avenue. Drowned Sunday while wading in a pool at her parents' summer home near Antioch.

GREAT INDIA LAKE BURSTS ICE DAM; THOUSANDS FLEE

Rushing Down Valley in
17,000 Foot Fall.

LAHORE, India, Aug. 13.—(AP)—A great artificial lake, nine miles long and 30 feet deep, which had been pinned up along the mountains high in Asia for three weeks by a glacier barrier on the Indus river burst through the dam of ice last night.

Great masses of water were rushing down the Indus valley today with tremendous force from a height of 17,000 feet.

The inhabitants of the upper portion of the valley were warned through an elaborate system of communications and escaped.

Communication on the Indus between Mari and Kalabach was suspended and the steamers took refuge downstream.

Penned Up Three Years.

LONDON, Aug. 13.—(AP)—Twenty million tons of water are rushing upon the valley of the Indus through mountain gorges tributary to the Shyok river in Kashmir, according to messages from Lahore, India.

The flood was loosed last night by the breaking of a glacial ice dam 1,000 feet wide and 1,200 feet thick which had formed 140 miles north of Leh.

At this point the Little Khumban glacier in 1925 thrust its nose across the Shyok valley. For two years the downcoming waters have been piling up, forming a lake nine miles long. It was 17,000 feet above the Indus valley.

Fear for Inhabitants.

Despite the elaborate preparations to warn inhabitants in the Kashmir villages and in the populous Indus valley of the Punjab, British officials have grave anxieties for the safety of the people. They had long foreseen the event and had posted signal men for miles at intervals below the lake, ready to give flood warning by bonfires and cannon.

Barns and hospitals in towns along the river had been ordered abandoned some time ago, but the mountaineers are traditionally slow in giving up their homes. In the valley of the Indus the owners of carefully irrigated and cultivated alluvial farms always hesitate to evacuate their fields.

Giant Dam Bursts

Map shows where gigantic artificial lake in the mountains above Lahore, India, burst through its ice barrier and is pouring down the valley of the Indus, threatening immense loss of life and property.

WOMAN WHO PUT DENT IN FENDER WINS FREEDOM

Mrs. Cherie Harrow, 2644 West 35th street, was arraigned before Judge Samuel H. Trude in the Grand Crossing court, yesterday, charged with "driving while intoxicated."

"I don't understand this," said the judge, as he examined the warrant. "I thought you were walking?"

"I was, your honor, replied Mrs. Harrow. "I was walking across 63d street at Rhodes place when an automobile hit me. And I'm not small, you know, judge, and the fender got a bit of a dent."

"Crossing the street on foot and driving while intoxicated are different things," said the court. "If the complainant wants damages for the dent in his fender, he will have to bring civil suit. Case dismissed."

Rob 2 Hyde Park Women, Owners of Restaurants

Two armed men entered the Hyde Park cafe, 1611 Hyde Park boulevard, yesterday morning and robbed the manager, Mrs. Minnie Alberta, of \$800.

Drawing revolvers, they forced Mrs. Alberta and a bookkeeper into the office of the cafe, as well as three others who entered during the robbery.

A short time later two men leaped from an automobile and snatched \$1,000 from Mrs. Nellie Hawley at 63d street and University avenue. Mrs. Hawley, owner of a cafeteria at 1113 East 63d street, was taking the money to the bank.

Simpson Urges Engineers Act on River Unkinking Bids

BY OSCAR HEWITT.

Commissioner of Public Works Richard W. Wolfe appealed for outside aid yesterday in awarding the contract for the straightening of the river, for which he received bids July 20.

The commissioner's appeal was directed to James Simpson, chairman of the Chicago Plan commission. Specifically the commissioner requested assistance "in the examination of the bids and the awarding of the contract."

Never has the Plan commission or its chairman had any part since its organization in the award of any contract. Mr. Simpson declined.

"I agree with you," Mr. Simpson's reply says, "about the great importance of this improvement and the desirability of expediting it in every possible way, but regret that my personal experience does not qualify me to be of much assistance in the matter. Realizing, however, that it is of tremendous importance that the contract be awarded to the lowest responsible bidder and also that the public have every confidence in the integrity of the award, I submit the following:

"I suggest that you, as commissioner of public works, ask the Western Society of Engineers to appoint a committee of five of their members who have no interest in any firm bidding on this contract, such committee to examine the specifications and bids and recommend to you to whom the contract should be awarded."

Asks for Outside Help.

It is Mr. Wolfe's next move. In his letter to Mr. Simpson, the commissioner said: "The duty of examining these bids and awarding a contract devolves on me as commissioner of public works." Then he gives his reasons for asking outside assistance, as follows:

"It is naturally my desire that the contract be awarded and the job completed in the cleanest and most business-like manner, at the lowest possible cost to the taxpayers, in the

Von Huenefeld to Present Bremen to U. S. Museum

BERLIN, Aug. 13.—(AP)—Baron von Huenefeld, owner of the trans-Atlantic plane, the Bremen, which Capt. Hermann Koell and Col. James Fitzmaurice piloted across the Atlantic, will make a present of the disabled plane to the projected municipal museum of New York City.

INJURIES FATAL TO VICTIM OF AUTO ACCIDENT

Two motor deaths in Cook county were reported yesterday. Injuries received on Sunday when he was struck by an automobile at Sacramento boulevard and Carroll avenue proved fatal to Martin Nolan, 42, of 1745 North Mansfield avenue. This raised Cook county's 1928 motor toll to 609.

A poorly dressed man, identified through cards found in his pockets as M. Anderson, died at the Englewood hospital of injuries caused when he was struck by an automobile at 69th and Aberdeen streets.

Edward Trendell, 45, of Chicago, was killed when his car skidded on loose gravel and overturned at Powers Lake, Wis.

Phillip Zielski, 23, of East Chicago, Ind., was fatally injured in falling from an automobile into the path of another at Hammond, Ind.

C. O. Olson of the jewelry firm of Olsen & Ebban was injured when his sedan was struck by a freight train west of New Buffalo, Mich.

MYSTERY VICTIM OF RIDE FOUND DEAD ON ROAD

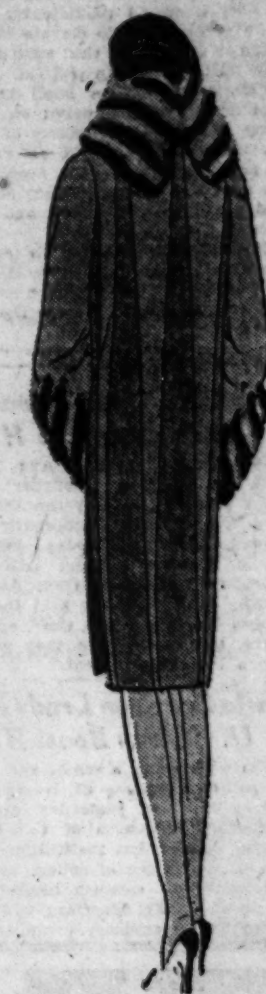

Attempts to identify the body of a man, shot once through the head and four times through the chest, found about three miles south of Chicago Heights yesterday morning, were fruitless last night. A theory that the body was that of Hugh "Stubby" McGovern, well known in gang circles, was discounted by Chief of Highway Police James L. Devereux.

An anonymous telephone call to the police gave the information that the dead man was McGovern, but a policeman who knew McGovern said the victim was not McGovern.

The dead man was about 32 years old, 5 feet 6 inches tall, with sandy hair and blue eyes. He was dressed in a blue serge suit, white silk shirt and hose. Police said he undoubtedly had been killed in an automobile and then tossed out. The body was found by Carl Baur, a farmer.

G. O. P. LEADERS RELY ON STATE ORGANIZATIONS

National Committeemen
in Powwow on Coast.

BY PHILIP KINSLEY.
(Chicago Tribune Staff Writer.)

San Francisco, Cal., Aug. 12.—[Special.]—State organizations, rather than the Republican national committee, will be responsible for the success of the Hoover-Curtis ticket in this presidential contest, it was announced today by Dr. Hubert Work, national chairman.

A policy of decentralization of effort will be followed, he said, with the organization of vigorous state campaigns to begin at once.

Dr. Work presided at a regional conference of leaders from twelve far western states at the Palace hotel. The candidate, Herbert Hoover, was also in town, attending a meeting of the Stanford university trustees. He had already talked with the various committeemen at his home and did not come to the conference.

Mr. Hoover is now expected to devote his organization ability to the campaign strategy, taking on his own shoulders all important decisions.

Effort to Win Women Voters.

Dr. Work called on the women to come to the support of Hoover. He also emphasized the importance of the factor of registering the 8,000,000 new voters. A great effort is to be made to bring women into the Hoover camp. The campaign managers are going to organize down to blocks and precincts in every state to bring this vote to the polls. Two-thirds of the great audience that heard Mr. Hoover's speech of acceptance were women.

"Young voters—they who cast their first vote for a President next fall numbering nearly, if not quite 8,000,000—should have the first consideration of our party," Dr. Work told the committeemen. "They have not had time to discover for themselves the differing principles of political parties or recall from memory the economic success or disaster following each administration when in power."

The necessity of registration was also stressed by Gov. John B. Fisher of Pennsylvania, who was present as a guest.

It was emphasized that each state should look after the financial necessities of the contest.

"I regard the Republican national committee as an independent establishment of government," said Dr. Work. "Its first duty is to maintain regularity and solidarity. It is a representative cross section of our party. The closest working contact with state chairmen and vice chairmen should be formed."

Responsibility in States.

"Our basis of organization is to emphasize the responsibility of each state. We want decentralization. We expect every state to at once set up a complete and vigorous organization of its own. The national committee will assist, but the responsibility rests upon each state individually."

"The American people will, I believe, make their choice between men for the presidency by what each has already accomplished. The Americans are a working, business people in whatever position found. Good politics is only good business sense applied to government."

Those at the Meeting.

National committee members who attended the conference were: William H. Crocker, California; R. W. Condon and Mrs. J. L. Hughes, Washington; C. L. Mallory, Arkansas; Mrs. W. E. Kenner, North Carolina; Clarence Hamlin, Colorado; R. B. Greger, Texas; Mrs. O. P. Clark, California; Miss Gladys Terhune, Idaho; George Wingfield, Nevada; Mrs. John E. Hillman, Colorado; H. S. Corbett, Arizona; and Mrs. M. C. Reid, New Mexico.

Chairman Work left San Francisco tonight for Denver.

RASKOB, LEADER OF DEMOCRATS, LAUDS HOOVER'S ADDRESS

New York, Aug. 12.—[Special.]—Praise for Herbert Hoover's speech accepting the Republican nomination for the presidency came this afternoon from John J. Raskob, chairman of the Democratic national committee.

"I think Mr. Hoover's speech is one that raises politics to a higher level," Mr. Raskob said. "It is a temperate expression of the issues as he sees them. I particularly admire his evident desire to elevate the campaign to the dignity that such contests demand in American politics."

"On our side we shall keep the conduct of the campaign on a high basis. I believe the efforts of the respective parties should be expended to honestly educate the people as to the merits of the issues they stand for and the character, ability, and reputation of the candidates."

Mr. Raskob refused to comment upon the issues defined by Mr. Hoover, saying that Gov. Smith should be the one to speak first for the Democrats.

Two Oklahoma Democratic Dailies Support Hoover

Oklahoma City, Okla., Aug. 12.—[Special.]—E. K. Gaylord, publisher of the Daily Oklahoman and the Oklahoma City Times, two Democratic newspapers, announced today that they would support Herbert Hoover for President instead of Gov. Alfred E. Smith.

The publisher said the newspapers "will not join the Republican party, but neither are they going to join a liquor movement."

Earle Harrison Leads N. W. U. Club to Boost Hoover

Earle Harrison, a senior and student of political science at Northwestern university, was yesterday appointed temporary chairman of the Hoover-Curtis club at that institution, Lowell Hastings, director of college activities at Northwestern western headquarters, announced. Mr. Harrison will be assisted by an advisory committee.

HITS CONGRESS VACATION TRIPS AT U. S. EXPENSE

Army Paper Assails
Junketing Tours.

[Chicago Tribune Press Service.]

Washington, D. C., Aug. 12.—[Special.]—Summer junketing trips taken on army transports by members of congress with their relatives and friends are made the subject of a scathing editorial appearing in this week's issue of the Army and Navy Register, a service publication. The magazine ironically recommends that congress investigate the situation.

According to information reaching the Register, the war department is flooded each summer with congressional requests for transportation to Hawaii, the Philippines, and other far-off possessions. That the only charge made is one for subsistence is cited as the principal reason.

In most cases, the Register states, the voyages are made under the guise of "inspection trips" by senators and representatives, who take their wives, relatives, and even their friends along at the expense of the government.

"These members of congress and their relatives are making overseas journeys at public expense on the pretext of conducting inspections. It is a waste of the people's money and becomes something like a mockery in a period of economy. If the name of

ALLEN'S FOOT-EASE

The Antiseptic, Healing Powder to shake into your shoes. Why will you suffer from corns, bunions or calluses, hot, tired, aching feet, when a little Allen's Foot-Ease in the shoes will stop the pain and give you rest and comfort?

It takes the friction from the shoes. And thereby saves its cost in the wear of stockings, and your feet are always ready for the golf course, the dance or a long tramp. You simply forget all about your feet and the pain you have suffered.

Used by the Army and Navy during the war, by golfers, tennis, football and baseball players, stage dancers and all classes of people who must have comfortable feet to do their best. Try Allen's Foot-Ease and see how easy it makes your new or tight shoes.

Sold at all Drug and Toilet Stores. In a Plastic Case Allen's Foot-Ease. For free trial package, address ALLEN'S FOOT-EASE, La. Rev. N. Y.

SMITH CO
WITH FA
PLAN AD

And Everyb
to Be We

BY JAMES O'DON

(Chicago Tribune)

Albany, N. Y.

Nominee Smith

has propagandists

at his house today

conference on the

SMITH CONFERS WITH FARM AID PLAN ADVOCATES

And Everybody Professes to Be Well Pleased.

BY JAMES O'DONNELL BENNETT.

(Chicago Tribune Press Service.)

Albany, N. Y., Aug. 13.—(Special.)

—Nominee Smith had eleven farm re-

lat propagandists from seven states

at his house today for a five hour

conference on the American farmers'

troubles.

The propagandists did most of the

talking. Al Smith did a great deal of

silent listening—an occupation in

which he is proficient.

Let him tell the results, which he

did this afternoon thus:

"I invited these gentlemen here

today as being among the foremost

leaders of farm organizations, and of

farm thought, to secure their views

first hand on the necessary legisla-

tion, and not to discuss politics.

Agreed on One Point.

"After hearing their views, I find

we are agreed as to the necessity of

legislation to help America's basic

industry.

"I have assured them that, in my

opinion, the essentials of the relief

they are seeking through legislation

are covered in the Democratic plat-

form upon which I stand. There re-

mains but to determine the details to

make these essentials effective.

"I shall discuss this subject fully

in my acceptance speech."

Now let the conferees, of whom five

are Democrats, four Republicans and

two rebel Republicans, tell their story

of the five hours. This they did

through their spokesman, Chester C.

Davis, Chicago, who said:

"We came to Albany at the invita-

tion of Gov. Smith to discuss the agri-

cultural problem with him, and, to

explain our view of national policies

which should be adopted toward its

solution.

"We were not invited to discuss

the political situation in our states or

sections.

"We were pleased with the govern-

or's interest in and understanding

of the agricultural problem."

These Were His Visitors.

The governor's eleven guests and

informants were:

Earl C. Smith, Chicago, president of

the Illinois Agricultural association,

Republican.

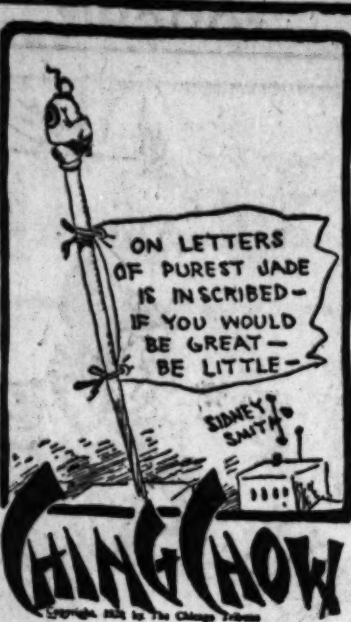

Chester C. Davis, Chicago, of the

Agricultural service, Republican.

George N. Peck, Moline, Ill., chair-

man of the committee of twenty-two

of the North Central States Agricul-

CHING-HOW

Chicago and the Chicago Tribune

in deprecating any political inter-

pretation of this day's discussion with

the nominee.

Came to Impart Views.

"You came," I suggested, "rather

to impart your views to the governor

than to obtain his views?"

"Precisely," Mr. Davis replied.

He continued, "We made no at-

tempt to pin the governor down in

any way. As to endorsement of him

for the presidency of the United

States—that question was not even

broached. That is a matter to be

settled later by each of us individual-

ly. The great topic we discussed to-

day will be in the nominee's speech

of acceptance in detail."

Earl Smith of Chicago, as he left

the mansion, said:

"My position is that I was invited

here today to discuss not politics but

agriculture. Hence, I have no politics

to talk. Gov. Smith did not indicate

to me today his position on farm

relief."

Talks with Glass Tomorrow.

Tomorrow the candidate will have,

as his house guest, United States

Senator Carter Glass of Virginia, with

whom he will discuss prohibition and

finance.

As to a reply to the Baptist clergy-

man, the Rev. John Roach Straton of

New York City, Al Smith said: "I

won't say anything about it until I

get his letter. I have seen five news-

papers today, and as many serious

of the reverend gentleman's position.

I shall say nothing until I read his

version over his own hand. What

will be in it only the Lord and Straton

know."

The group of agrarian missionaries

to whom Al Smith listened today was

extremely nondescript, from a party

point of view. None of the Repub-

lican partisans in it is of the type

called regular. Mrs. Hatch of Indi-

ana, for example, voted for Woodrow

Wilson, for Calvin Coolidge, and, in

the last Indiana primaries, for Jim

Watson.

Dr. E. W. Kilgore, Raleigh, N. C.,

president of the American Cotton

Growers exchange, Democrat.

Nine Timorously Reticent.

Of these men, Peck of Illinois and

Murphy of Minnesota, have already

declared themselves for Al Smith for

President. The nine other conferees

this evening are reticent, almost tim-

orously reticent, as to whether they

will declare for Smith.

The reason they give for their re-

ticence is: "We are the responsible

heads of large organized groups and

we must consult with our fellow di-

rectors before we make comprehensive

declarations. This was not a political

conference. It was specifically eco-

nomic."

The conference began at half past

eleven. It was nearly four o'clock

before Al Smith drew a long, long

breath and said: "Yes, it was in-

structive, and I thoroughly enjoyed

it. The answer will be in my speech

of acceptance."

Mr. Butler and Mr. Settle refused to

talk after the conference.

Mr. Davis of Chicago was solicitous

HINT SHIFT OF MONEY BACK OF AUTO INDUSTRY

Raskob, Du Pont Buying Chrysler, Report.

Detroit, Mich., Aug. 13.—(Special.)

—Common gossip in financial circles

is that a drastic realignment of

financial interests in the automobile

industry will follow the resignation

of John J. Raskob from General Mo-

tors and the offer of Pierre S. Du

Pont to resign as chairman of the

board of directors of that organiza-

tion.

Following the resignation of Mr.

Raskob, there was some selling of

General Motors stock and the price

declined, but later it showed a

tendency to rally. Then came the an-

ouncement that Mr. Du Pont had

offered to resign, but that his resig-

nation was refused and he was

granted a leave of absence.

G. M. Stock on Market.

After that, General Motors shares

poured into the market and they sold

off sharply. On the other hand,

Chrysler shares have been attaining

new high marks almost daily.

According to reports in the financial

district, Raskob and Du Pont have

been selling General Motors and buy-

ing Chrysler. On a switch they would

acquire nearly two shares of Chrysler

for each share of General Motors sold

at current prices.

See Jeopardizing of Interests.

It is generally felt in financial circles

here that the resignation of Raskob,

with the statement he will return to

the corporation after the political

campaign, and the leave of absence

granted Du Pont, do not satisfy

certain large holders in General Mo-

tors who feel the best interests of

the corporation were jeopardized by

the political activities of the two.

There is sufficient evidence to just-

ify a belief, observers assert, that deep

currents are moving below the sur-

face of the motor car industry.

DANISH GIRL, 19, PEDALS TO PARIS TO BUY ROUGE

(Chicago Tribune Press Service.)

PARIS, Aug. 13.—Ruth Berian, 19,

rode a bicycle from Copenhagen here

to buy a lipstick. The Danish girl

arrived in the Latin quarter this after-

noon, receiving an ovation from the

Scandinavian art student colony, after

eight days of pedaling through Den-

mark, Germany, Belgium and France.

"What did you make the trip for?"

a friend asked.

"I wanted real Paris rouge; our

lipsticks are so good," answered Ruth.

MARSHALL FIELD & COMPANY

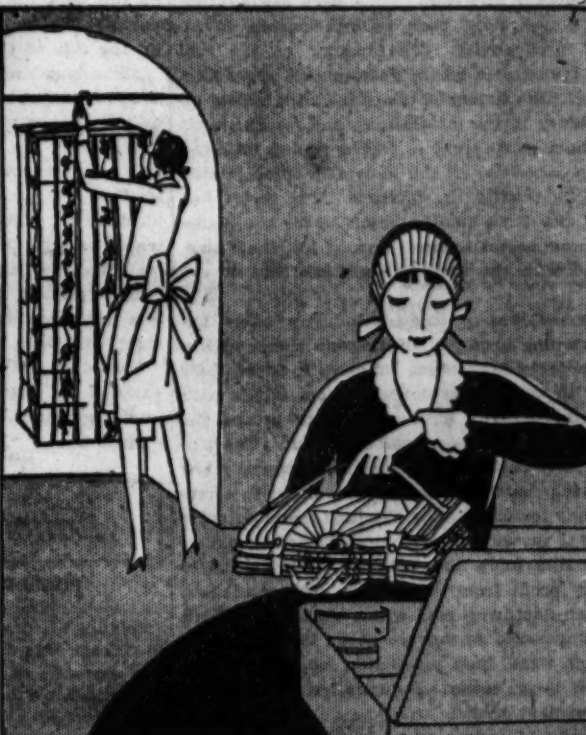

This is Suzanne Talbot's Bonnet Hat

...a youthful cousin to the "Cabriolet" (poke bonnet) we presented to Chicago over a week ago... of sophisticated black felt, bound in grosgrain. A new note is the little eye veil which may be worn back over the hat or down over the eyes with enchanting effect.

...in the back the long line is cut bonnet-shape and accented with a perky grosgrain bow. French and Debutante Salons Fifth Floor, North, State

'Order from Horder'

Supplies for Your Stencil Duplicating Machines

Horder's Mimeo-Bond Paper

Mimeo-Bond is the supreme paper for printing on such machines as the Mimeograph, Neostyle, Lettergraph and Underwood makes. There is no other paper equal to it for duplicating qualities. The ink sets clear as type-writing itself. The color is pure white and the printing can be done at high speed without offsetting. You will like it better than any paper you have ever used. Three sizes, in substantial boxes.

Per 1,000
No. 25-6 1/2x11.....\$2.00
No. 25-6 1/2x13..... 2.25
No. 25-6 1/2x14..... 2.50
Quantity prices on application

Drytype Stencils

For better printing on your stencil machine use Drytype stencil paper. It is odorless and long lasting.

A new, well tested chemical formula, entirely protein, gives it a superiority which you will find evident on first trial.

A radical departure in basic makeup insures against deterioration. Made in both white and blue stencil sheets.

In boxes of 24 sheets
Blue also, \$2.75 per box
Letter also, 3.25 per box
Legal also, 3.75 per box
Quantity Prices Upon Application

Drytype Ink
Quick drying and does bleed. There are cheaper inks on the market, but it is impossible to buy a better ink. First come for break bulk machines and "one size" style pens for self-inking types.

Blue-For Presses, etc., \$2.50
Black-For Presses, etc., \$2.50

Correction Fluid

This correction fluid, when used according to instructions, enables mistakes to be corrected without detection. Fills a long-felt want for stencil editors.

DETROIT TALKS OF GIVING SMITH 50,000 MARGIN

Due to Dry Law; Went for
Coolidge by 244,000.

BY ARTHUR EVANS.
[Chicago Tribune Press Service.]
Detroit, Mich., Aug. 13.—[Special.]—Rock ribbed Republican Michigan is

chalking up as safe for Hoover in November, but in Detroit the predominant talk seems to be for Al Smith. Volsteadism is the great topic among the workers in the automobile industry. The city is the wettest spot this side of Canada. It is at the crest of a cataract of liquor and ale that pours over the border and cascades through to Indiana, Illinois, Iowa, and points south and west. Two years ago a police census led to an estimate of 20,000 blind pigs, speak easies, beer and moon joints, and bootleg hangouts in the city. Experts declare there are now 18,000 to 20,000, and the effect of a padlock drive has been only to scatter the blind tigers into the residential districts and apartment houses.

Ontario Sober, Detroit Drunk. In many respects social conditions are regarded as worse than in the days of the old saloon. It's not all based on the "workman's glass of beer." One finds former dries declaring prohibition has here turned from a social experiment into a social menace. The sentiment for liberalization is largely a movement to clean up—up to the point to an object lesson across the river—wet but sober Ontario as compared with dry but drunken Detroit.

With this background, politicians say Smith and modification appear stronger in the Detroit area than even in some of the other great industrial centers like Chicago. Democrats predict Smith will carry Wayne county, which includes Detroit, by 50,000. This in itself would be something of a political marvel, as the county has not been carried by a Democrat for President since the Cleveland 1892 election.

Sliding to Smith. Four years ago John W. Davis got only one vote out of every sixteen cast in Wayne county and Coolidge carried it by a plurality of 244,000. About 30 per cent of Michigan's total vote now comes from this county, which four years ago polled 435,000 of the 1,160,000 votes cast in the state. Some Republicans are echoing the claims of the Democrats that the automobile capital of the world is headed towards Smith.

Leaders in the automobile world are divided between Hoover and Smith. Henry Ford is with Hoover, while two chiefs of General Motors, John Raskob and Pierre S. du Pont, are with Smith, who made Raskob chairman of the Democratic national

PRIMARY WILL SOLVE SMITH AND ANTI-SMITH SENTIMENT IN TEXAS

San Antonio, Tex., Aug. 13.—[AP.]—The way was paved for a test of Smith and anti-Smith sentiment in Texas when the Democratic state executive committee here today certified the name of Thomas B. Love of Dallas as a candidate for lieutenant governor in the runoff primary Aug. 25. Love, former Democratic national committeeman for Texas, had announced he will vote for Herbert Hoover for President. In the runoff primary he will be opposed by Lieut. Gov. E. B. Miller, who has pledged support to Gov. Alfred E. Smith, the Democratic presidential nominee. Love's name was certified by the committee after Miller had urged such action.

The committee disregarded a resolution adopted at a meeting of "regular" Democratic leaders of the state at Austin last week which demanded that "boilers" be barred from the runoff primary.

In the first primary Lieut. Gov. Miller polled the most votes but failed of a majority. Love, whose name was left off the ballot in several counties because of his stand against the party presidential nominee, ran second.

committee. The factory workers are reported preponderantly for Smith and Democrats look for a majority among the workers in the Ford plant itself.

Tariff Not an Issue. So far as the tariff is concerned the general attitude reflected by the great manufacturing groups is that it is a matter of small concern this time, there being little difference between the attitudes of Hoover and Smith on the question.

Canvasses from the upper peninsula, where the Smith forces have organized as a separate unit, lead the Democrats to declare something is in the wind. The upper peninsula, with its great lumber industry in olden days and its iron ranges and copper country, has been strongly protectionist Republican. In recent times it has been good for a normal Republican margin in presidential years of between 40,000 and 60,000—Coolidge carried it by 60,000. Now the Democrats report that polls and canvasses show a great Smith sentiment stretching across the peninsula from Ironwood to the Soo. They declare it is based on the wet and dry question and on Smith's appeal as a colorful personality.

But every analysis by the politicians winds up at the old stand, which is Michigan's traditional rock-ribbedness—one of the strongest habitual Republican states of the forty-eight. One of the three birthplaces of the G. O. P. was at Jackson, and since the Republicans elected Lincoln no Democrat has ever carried Michigan for President. In 1892, Cleveland got five of the Michigan electors, but this was due to the fact that an elector was elected in each congressional district and Cleveland carried five districts. Harrison, who got the largest vote in the state, had nine electors.

JUDGE THOMPSON HITS AT PUBLIC FUNDS GRABBERS

Pledges Fight to Recover
Money Withheld.

Monticello, Ill., Aug. 13.—[AP.]—Floyd E. Thompson, Democratic candidate for governor of Illinois, today stated that the candidates on the Democratic state ticket "propose not only to safeguard public funds in the future, but to recover for the taxpayers money now being unlawfully withheld by present or former public officials."

"They are mutually pledged," he said, "to be satisfied with the salary provided by statute. Not one of them will use his office to enrich himself by grabbing interest, directly or indirectly, in public contracts. I pledge you to demand legislation providing a severe penalty for failure of the secretary of state and other state officers who collect taxes and fees to immediately deposit in the state treasury these public funds collected from the taxpayers."

Urges Monthly Reports. "I shall also demand legislation requiring a monthly report by the

state treasurer of moneys received by him and of the place and terms of deposit of them."

Judge Thompson attacked the policy of appointing incompetent men or women to public positions for the purpose of paying private political debts. He declared that political offices belong to the people, and they have the right to demand that appointments be made for their benefit.

"It is generally recognized," he said, "that our system of taxation is defective and that the administration of the revenue laws is inefficient and the distribution of the tax burden grossly inequitable. Taxing agencies have been multiplied until the tax-

payors are no longer able to fix responsibility for the excessive levies.

Load Breaking Taxpayers. "Federal, state, and municipal taxes have increased to such an aggregate that the taxpayers are breaking under the load. While this subject is too important and too complicated to receive full treatment in this speech, I pledge the taxpayers that I shall earnestly devote all the ability I have to obtaining legislation to consolidate taxing agencies and to effect

a more equitable distribution of the tax burden.

"I shall appoint a tax commission composed of persons competent to discharge the important duties committed to them, and who will direct and supervise the assessment for taxation of all real and personal property to the end that all assessments will be relatively just and equal."

DIES OF APOPLEXY STROKE. Alfred Dawdell, 69, of 6435 Maryland avenue, suffered a stroke of apoplexy at 630 street and Kedzie avenue yesterday morning and died a few hours later.

Too Much ACID

Many people, two hours after eating, suffer indigestion, as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

And you will never suffer from excess acid when you prove out this easy relief. Please do that—for your own sake—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drug-store. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor, Charles H. Phillips since 1875.

How to reduce filing space cost by one-third

YOUR files may cover every possible foot of floor space. But do they hold all they could?

The Art Metal 5-drawer File will reduce the rental cost of filing space by one-third. Its capacity is fifty per cent greater than the ordinary 4-drawer file. Two Art Metal 5-drawer Files will do the work of three regular 4-drawer files. Yet the space occupied by each Art Metal File is no larger.

Other Art Metal Steel Office Equipment is equally efficient. Every piece is designed with a knowledge of modern business needs. Every piece is built on clean, trim lines and has the vigorous stamina that modern business demands.

See the Art Metal Line here. Or telephone us for illustrated catalogs and prices.

Vacation Days to Enjoy Next Winter

as glorious and life-like
as they are this summer

HAPPY, glamorous, carefree days—days crammed full of the joy of living. They're almost here. Vacation's just around the corner.

Soon you'll be leaving for the beach, the mountains, the country to get as much hilarious fun as possible from these glorious days that pass too soon. Wouldn't it be wonderful if they'd last forever for you to enjoy time and time again? You can make them do exactly that and very simply, too—thanks to the Cine-Kodak.

With this marvelous little camera you can record your good times on a thin strip of movie film. Let them flash into light and live again on your own silver screen at home—all with no more trouble than you have taking snapshots.

You merely press the button. The action before you is instantly recorded just as it is. Your films are developed without extra charge and returned

HOOVER THINKS U. S. IN POSITION TO SPEND MONEY

Ready to Help Many with Funds.

BY ARTHUR CRAWFORD.

(Chicago Tribune Staff Service.)
Washington, D. C., Aug. 13.—(Special.)—Instead of pledging opposition to any increase in governmental expenditures, Herbert Hoover is prepared to justify a program of development which may make impossible any further tax reduction for many years to come.

This interpretation is being placed upon Secretary Hoover's acceptance speech at his various features are studied and compared with the messages and addresses of President Coolidge.

Mr. Hoover's assertion that upward of a billion dollars should be expended for public works and development of the nation's water resources during the next four years, together with his willingness to have the government advance several hundred millions for farm relief, are being pointed to as evidence that he proposes a departure from the Coolidge policy.

Thinks Conditions Changed.

Unlike Mr. Coolidge, who has repeated all proposals for new expenditures during the post-war reconstruction period, Mr. Hoover apparently believes that conditions warrant a more liberal attitude. The Republican candidate made it clear that he will continue to insist upon economy in the ordinary affairs of government and that he hopes to effect savings by a reorganization of the various departments.

Republicans who in previous campaigns have followed President Coolidge's lead by stressing economy as a major issue have noted that Mr. Hoover failed to devote his attention to the question of economy at the very beginning of his address, as the present occupant of the White House has done in nearly all of his messages to congress. It was noted also that Mr. Hoover did not promise any reduction in the aggregate of governmental expenditures, nor did he hold out any hopes for another tax cut in the near future.

No Chance for Pre-War Status.

Those familiar with government finances construe Mr. Hoover's attitude as a recognition that the trend in expenditures is upward and that there is no possibility of ever getting back to a pre-war status. In view of the fact that the recent tax reduction wiped out the entire prospective surplus for the present fiscal year and even threatens a deficit, treasury officials fail to find much ground for belief that taxes can be reduced again within the next few years.

NEW STORM AND FLOODS MENACE SOUTH FLORIDA

Lake Okeechobee at Danger Point.

Jacksonville, Fla., Aug. 13.—(UP)—The double menace of storm and flood reared itself in sections of southern and southwestern Florida tonight as a tropical disturbance blew along the Gulf coast from Boca Grande toward Tampa, and Lake Okeechobee threatened to overflow from torrential rains.

The situation was worst along the northern and western shores of the lake where an overflow would inundate a wide strip of fertile lands extending from Okeechobee City to Moorhaven and up the Caloosahatchee river to Labelle.

Rains Fall Steadily.

Already at its highest level in the memory of inhabitants of its shore as a result of floods from last week, the lake was slowly swelling higher as tributary streams received fresh volumes from rain which has been falling steadily for the past 24 hours.

Lakeport, midway between Okeechobee City and Moorhaven, already was inundated and dozens of smaller communities had not been heard from today.

The tropical storm which lashed the extreme southwestern tip of the peninsula last night, from Key West and the Key Islands to Boca Grande was reported central south of Venice, near Sarasota, moving north-west.

Washington Drying Out.

Washington, D. C., Aug. 13.—(Special.)—Washington and vicinity, deluged by the 8.67 inches of rain, which fell during forty hours, took stock today of the damage. At least ten bridges on highways leading into the capital were swept away and washouts have made many of the principal arteries virtually impassable.

Hundreds of automobiles were abandoned. Tourists and week-enders who were marooned at nearby resorts were still struggling into Washington tonight in buses sent out to their rescue. One Potomac river boat reached the city this morning with 325 Washingtonians who were stranded at down-river beaches.

In the city, hundreds of cellars were flooded and 21 street washouts were reported by the police.

HER HUSBAND HAS PLENTY OF JOBS, BUT SHE SUES HIM

A divorce bill filed yesterday against Oscar Passenheim says he is on the pay rolls of the school board and the Lincoln park board as well as being engaged in the manufacture and sale of disinfectants and in conducting an employment agency at 3624 North Western avenue. The plaintiff, Mrs. Caroline O. Passenheim, was married on Mar. 10 of this year. She asks for a decree on a charge of cruelty. They separated on May 18, according to the bill drawn by the law firm of Campbell and Fischer.

75 PASSENGERS TAKEN OFF LINER AGROUND ON REEF

Munamar Driven Ashore in Bahamas Gale.

Miami, Fla., Aug. 13.—(UP)—With the Munson line steamship Munamar still fast on a reef off Great Abaco Island, Bahamas, where she went aground yesterday, her seventy-five passengers were removed safely today and taken to Nassau aboard a tug.

A Bahamas government tug, which, with another, went to the stranded steamer's assistance last night, took the passengers off this morning at 10 o'clock, the local office of the line was advised by radio from the vessel. The tug proceeded to the Bahamas capital to put the passengers aboard another liner.

The Munamar, bound for New York

from Miami and Nassau, was driven ashore yesterday in a gale at a spot on the island called Hole-in-the-Wall. Two tugs summoned to her assistance by radio reached the 3,400-ton steamer late last night but up until a late hour this afternoon had been unsuccessful in floating her.

A radio message earlier in the day from the ship's master to the Associated Press, however, said the Munamar was in no danger and that the sea was calm. Her position was said to be in the lee of the island, which afforded protection from a heavy sea kicked up by high winds.

The Munson line tug Colonial and the motor schooner Halycon were standing by. Since no further assistance had been asked by the vessel since yesterday, it was presumed here that her officers felt she would be released from the shoal water within a few hours.

Radio advices received here by the Daily News said the New York office of the line were considering ordering the transfer of some of her heavy cargo of sugar.

BILIOUSNESS!

This distressing complaint is, in most cases, the result of bad-acting digestive organs, and can best be overcome by eliminating from the colon food that has fermented and become putrid because of long retention. The colon is a MOST IMPORTANT point of infection commonly overlooked, but capable of producing marked pathological changes in the body.

(Prescribed Caution)

—the enemy of toxic poisoning that may result from constipation, or clogged colon.

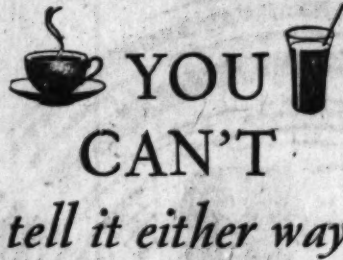

The pink "LINKS" are recommended for Indigestion, Colic, Biliousness, Torpid Liver, and the many troubles resulting from inactivity of the bowels.

Clean out that impacted colon. Eliminate from the system the toxic poisons that seep into and pollute the blood—thus forming the starting point of a whole train of ills.

The pink "LINKS"—"U See Em"—in the "Window Package" are deliciously flavored—like old-fashioned wintergreen candy. Ask for a FREE test packet—as good to the taste as candy—non-gripping, non-habit-forming. IDEAL FOR THE CHILDREN.

U-C-M in the Window Package Small and Large 23c and 47c WALGREEN and ECONOMICAL Drug Stores

YOU CAN'T tell it either way

How do you like your evening coffee? Steaming black? Or do you prefer it in a tall, refreshing glass... iced! Either way, you can enjoy Kaffee Hag Coffee to your heart's content—and sleep! For though you can't tell it from tasting, 97% of the drug caffeine is gone.

Try this delicious blend of the finest coffees. Real coffee—how much better than substitutes! Let all the family enjoy wonderful iced coffee for supper—without hesitation—now! At dealers. Steel cut or in the bean. Full-pound cans.

Now a Kellogg product

Not a substitute—but REAL COFFEE—minus caffeine

A mattress that is far superior to anything we have ever seen offered at anywhere near this price. Here is real rest! A mattress with 468 flexible buoyant steel coils that conform instantly to your body, thus allowing you to lie in a perfectly natural position. Each coil is sewed in a strong cloth case, so it will stay always in position. Covered in a heavy 6 ounce "A. C. A." Ticking and finished with a 4 row Imperial roll edge. Two ventilators on each side to keep this mattress fresh. 1000 to sell, each.... **\$22.50**

NINTH FLOOR.

ITALY REVEALS METHODS TO KEEP GRIP ON ITALIANS

Takes Census of All Her Nationals Abroad.

BY DAVID DARRAH.

[Chicago Tribune Press Service.]
[Copyright: 1928: By The Chicago Tribune.]
ROME, Aug. 13.—The Italian foreign office today issued a book containing a census and account of all Italian activities in foreign countries. It was prepared by Sig. de Micheli, who, aside from his interest in emigration, is head of the International Institute of Agriculture, also head of the Italian loan association for development in North Africa, and Italian representative at the International Labor bureau at Geneva.

The book devotes 800 pages describing Italian activities abroad and institutions to keep Italians Italian. It gives a clear picture of the counter-assimilation activities.

85 Per Cent in America.
The figures show that 9,169,367 Italians live outside of Italy. The newspaper *Brillante* today records this fact in seven column streamer type, saying, "Nine Million Italians Work to Enrich Foreigners." The most significant figure given is that 7,674,583 Italians out of the total live in North or South America, or a total of 85 per cent.

In Europe there are 1,267,841, or 13 per cent, and in Africa 185,000, or a trifle over 2 per cent. France has 982,531 of the Italians living in Europe, outside of Italy, or 75 per cent. Old thousands are scattered in Switzerland, Germany, Austria, Yugoslavia, and Roumania. The conclusion is that nine-tenths of the expatriated Italians live in France or America.

150,000 Fascists Abroad.
Italian Fascist groups abroad number 596, and have a combined membership of 120,000, who have regular blackshirt cards.

The figures for Italians in American countries are:
Argentina, 1,787,000; Brazil, 1,839,000; Uruguay, 85,000; Chile, 23,000; United States, 3,707,115; Canada, 200,000.

Interesting figures are given on the Italian press abroad. Two hundred and seventy-eight newspapers, reviews, and periodicals in the Italian language are published abroad, three-fourths of them in the United States. They include twenty daily newspapers, 166 weeklies, eighteen bi-monthlies, and fifty-nine monthlies.

Report Protest by Argentina.

These figures give a measure of the Italian efforts to keep a hold on citizens abroad through the establishment of Italian institutions. It is reported here that strenuous protests have been raised in Argentina because of a recent circular issued by Pietro Parini, secretary of the Fascist groups abroad, commanding Italians living abroad to send their children to Italian schools rather than schools in the country where they live.

Distress Flares Sighted in Gulf Off Florida Coast

St. Petersburg, Fla., Aug. 13.—(AP)—Distress flares were sighted in the gulf from the coast guard base here tonight while the entire guard force was occupied in an effort to save a cutter which had been battered against a wharf in the gale. It was believed the flares came either from freighters or two 75-foot sailing boats operated by sponge fishermen, who decided to go out late today despite storm warnings.

COUPON FOR WIDER ROADS

HIGHWAY EDITOR.

THE CHICAGO TRIBUNE:

Please enroll me among the automobile owners requesting the next governor of Illinois to give us an adequate number of forty foot radial roads leading out of the congested areas of Illinois.

Name

City or Town

Auto License No.

Lists of all signers will be presented to both Republican and Democratic nominees for governor as evidence of sentiment existing among motorists.

TRIBUNE STARTS REFERENDUM ON ROAD WIDENING

Results to Be Placed Before Nominees.

(Continued from first page.)

tracts is 25.5, and a portion of the work is to be done jointly by the county and the state. It was ordered that the bids for this work be received and opened on Aug. 17.

Those highways to receive widening work are:

Milwaukee avenue, 7.1 miles from Dempster street to the county line. This 40 foot section is to meet the already widened portion at the city limits.

Lake street, 3 miles, from 25th avenue, McFoss Park, to the county line.

Halsted street, 4.5 miles, from 130th street to 167th street.

Dixie highway, 3.9 miles, from Illinois Central railway at Homewood to Lincoln highway.

Dixie highway, 3.7 miles, from Illinois Central tracks at Homewood to 146th street, Chicago Heights.

96th street, half mile, from California avenue to Western avenue.

Work by County.
Besides the widening work the county will put under contract a section of Harrison street from Buck road to 123d street and the county line to Mannheim road, a distance of over two miles. This will connect Roosevelt road at the county line with a new 43 foot highway (Harrison street), which runs southwest.

Provision is also made for paving half width, or 20 feet, one mile of 183d street from Riegle road to Halsted street.

19 SEEK RABIES TREATMENT.
Ten employees of the Lebon company, roofing material manufacturers, 48th street and Oakley avenue, reported to the city health department yesterday for rabies treatment. Each of the men had been bitten by a rabid dog.

RENTER SUES HARMON AFTER SHOP IS BOMBED

Bombing and incendiarism are charged in a bill for injunction filed in the Superior court yesterday against Patrick T. Harmon, sports promoter. The plaintiff is the Vasco Heating company, which leased a small building from the defendant last September at 1844 West Madison street.

Last July, according to the bill, Harmon sought to cancel the lease and the heating company refused. A few days later, the shop was bombed. Harmon again tried to terminate the lease and a week later the roof was soaked with gasoline and set afire. The bill sets up.

CITY'S REPAIR GANGS RESUME JOBS ON STREETS

(Continued from first page.)

up a brick. Taking a careful stance, one inserted a pick and waggled it back and forth. When it was loosened from its bed, his companion picked it up and tossed it to the curb. Both rested for one minute and 45 seconds. The second brick was removed in record time—58 seconds—both men co-operating in a burst of energy.

At Lincoln avenue and Byron street, the sun shone hotly upon the workers. But the foreman rested in the shade.

across the street, on the running board of an automobile.

The gangs worked yesterday at the following places:

46th ward—Asphalt gangs on Barry, Wellington and Oakdale avenues, from Halsted street to Racine avenue.

32d ward—Asphalt gang repairing Superior street, Ashland avenue to California avenue.

37th ward—Brick repairs on Cicero avenue, Austin avenue to Ferdinand street.

35th ward—Brick repairs on Crawford avenue, Ballou street to Crawford avenue.

44th ward—Brick repairs on Halsted street, Fullerton avenue to Wellington avenue.

45th ward—Crescent block repairs on Belmont avenue, Racine avenue to Herndon street.

47th ward—Crescent block repairs on Lincoln avenue, Roscoe street to Wilcox avenue.

48th ward—Granite block repairs on Southport avenue, Roscoe street to Belmont avenue.

47th ward—Resurfacing macadam on Byron street, Robey to Lincoln avenue.

MAD DOG BITES 3; HUNT 2 VICTIMS FOR TREATMENT

Three men who were bitten by a mad dog yesterday in front of 1618 Indiana avenue, cornered the animal in a street excavation, where they held it until police arrived to kill it. The most seriously bitten of the trio was James O'Hara, employed at the Indiana avenue address. The other two men disappeared. Police are searching for them to have them take the Pasteur treatment.

Bank Cashier Kills His Assistant; Ends Own Life

CLIMAX, Minn., Aug. 13.—(AP)—Melvin Jacobson, 34, cashier of the Farmers State Bank of Climax, shot and killed Ole Houge, 27, assistant cashier, late today. Jacobson then ran into an adjoining building, where he killed himself. Jacobson, according to officers of the bank, was about to be discharged and was to be succeeded as cashier by Houge.

BETTER THAN EVER BEFORE THE WHIRL OF RED HOT NEWS IN THE COLUMNS OF THE TRIBUNE

Arthur Sears Henning sifting the truth from the mass of stories, rumors

and propaganda that floods official and unofficial Washington. . . . James O'Donnell Bennett, established in Albany, noting the phenomena of a campaign that is to

be bunkless. . . . Arthur Evans scanning the middle west for reliable shadows of coming events. . . .

Philip Kinsley limning Hoover the man and the candidate. . . . Parke Brown following the twists and turns of politics in Illinois.

Day by day in the Tribune this great

combination of news gathering experts is picturing the onrush of the most stirring presidential campaign of the generation. And, as with politics, so with all the other highlights of the world news picture.

An international crisis . . . an assassina-

tion . . . a spectacular stock market . . .

an extraordinary grand jury investigation . . . a political machine

rebuked, tottering . . . a rain of resignations . . . sensational exploits in the air . . .

the hidden policies behind disarmament . . . the Olympic

games . . . all are brilliantly portrayed

by the master writers of the Tribune staff.

News is sizzling these days as it hasn't sizzled since the soul-stirring

days of the world war—and nowhere can you find as accurate,

well-written, up-to-the-minute pictures

of it as you get every morning in the Chicago Tribune. The

Tribune is even greater now than ever before. Enjoy to the full the gripping news

picture of city, national and world events given you every day in the

Tribune!

ASSURING HEALTH AND COMFORT AT LOWER COST

YOU and your family can be assured of heating comfort at lower cost if you fill your bins with Reading Anthracite now.

You'll find that Reading Anthracite is far cleaner and much better sized than coal has been in previous years. That means more heat in every ton you buy.

And you'll find that Reading Anthracite is filled with all the old virtues that have made nature's finest fuel the choice for generations of those who insist on the highest degree of comfort in winter.

Reading Anthracite is dependable. It needs no spark or flame from outside sources to keep it burning. Though you be isolated by winter blizzards, your home will be kept warm.

It needs but very little attention, for it burns a long, long time—or will slumber almost indefinitely, if checked.

It brings no clouds of smoke and soot nor greasy film into your neighborhood, or dirt into your home. There is no danger in storing it.

Buy it now and you still get the saving of low summer prices. Soon the fall rush for fuel will send prices up. But today—you can save while assuring health and comfort to you and yours. Your local merchant has it or can get it.

A. J. MALONEY

LONDON 'BOMBED' AS PLANES WAGE MIMIC WARFARE

Crowds Watch Battles in
Sky Above City.

[Chicago Tribune Press Service.]
LONDON, Aug. 13.—At midnight
searchlights were sweeping
the skies over London for enemy
riders. Twinkling red and green
lights moving swiftly and mysteri-
ously were watched by thousands of
belated theatergoers and west end
revellers.

Thirty-two night bombing planes,
each theoretically carrying 1,000
pounds of bombs, were endeavoring
to break through London's aerial de-
fense and destroy the capital.
Tonight's operations were the end
of the first phase of the "war" be-
tween the British east land and west
land forces. The east land forces
comprise enemy raiders concentrating
on important military and other dis-
tinctive objectives in the London area.

250 Planes in Fight.
Theoretically the capital suffered ter-
rible damage at the hands of the first
group of raiders earlier in the evening
when thirteen squadrons of giant
bombers attacked the city.
Several squadrons of the defending
force took to the air to deal with the
invaders, while the ground artillery
forces began a grueling fire. Alto-
gether 250 machines were engaged,
including 150 fast fighting defenders.
A terrific gale was blowing when
the first combat occurred about twenty-
five miles from London. A squad-
ron of defense fighters established
contact with a raiding formation.
Within a few seconds the opposing
forces were locked in a fierce battle
among the clouds, and a half hour
later attacking formations broke
through the defense and dropped
bombs on the air ministry in King's
way.

Intercept Eight Raids.
The official communique says that
out of ten raids carried out by enemy
bombers eight were intercepted. Air-
craft gunners claim to have shot
down eight machines in one attack,
in which seventy bombers engaged
seventy-two defending planes.

TROTSKY FOUND LIVING IN QUIET BERLIN RETREAT

BERLIN, Aug. 13.—Leon Trotsky,
Nicolai Lenin's comrade in founding
the soviet state, and the creator of
the red army, whom present day Rus-
sia deported to Siberia, is living in the
strictest seclusion near Berlin. This
Tribune correspondent saw him on
Berlin's main thoroughfare, recognized
him, and rushed after him, but he
jumped into a closed car, which
whisked him off into the darkness.
He is staying with friends in a coun-
try house near Berlin, but the most
rigorous precautions are being taken
to keep his exact whereabouts secret.
Twice he has been in Berlin itself,
to attend to bank business in which
he is interested. These trips took
place after dark. On one of them
THE TRIBUNE correspondent saw him
and is able to confirm the reports of
his presence in Germany. M. Trotsky
has aged considerably, has a slight
stoop, and his beard has become gray.

British Follow U. S. Path and Settle with Chinese

LONDON, Aug. 13.—(AP)—A settle-
ment has been reached between Great
Britain and the Nationalist govern-
ment on the Nanking incident of
March, 1927. It is virtually the same
as that reached last April between
the United States and the Nationalist
government over the same incident.
Under the settlement the Nanking
government apologizes for the Nan-
king affair and undertakes to punish
those guilty of it. The British gov-
ernment declined to apologize for fir-
ing on Socony hill. It agreed to
negotiations on treaty revision "in
due course." The letters under which
the settlement was reached were ex-
changed on Aug. 9.

(The Nanking incident of March,
1927, took place shortly after the cap-
ture of that city from the northern-
ers by the Nationalists. Attacks were
made on foreigners, including Ameri-
cans, and Dr. J. E. Williams, an Ameri-
can educator, was killed. A party of
American and British refugees sought
safety on Socony hill and it was in
covering their retreat before bands of
Chinese that American and British war
vessels laid down a protective bar-
rage.)

Urges Italy to End Row.
[Chicago Tribune Press Service.]
ROME, Aug. 13.—The Italian public
learned today of the note which its
government sent to the Chinese Na-
tionalist government, July 11, refusing
to accept Chinese abrogation of the
treaties of 1858, according to Italian
conditions and customs rights. While
the Italian press generally withholds
comment on the Fascist note, the more
outspoken La Stampa of Turin says
that despite the pious protests by the

Italian government against treaty de-
nunciation by the Chinese, the best
thing to do is to get out of the com-
promising situation with China with
as little danger as possible.

"If the pope recognizes China, and
if the United States and Russia, two
utterly antagonistic governments, be-
gin making love to China, there must
be something sound and solid about
the present Nanking government," ar-
gues La Stampa. "The Catholic
church never takes a chance on any-
thing, but a sure thing, and if the
church recognizes China, it means that
the pope has assurance of the stabi-
lity of the present Nationalist govern-
ment."

On the other hand, La Stampa
thinks that the United States is play-
ing a dark game. It says America's
present politics consists of putting
shackles on Europe against war mak-
ing with the Kellogg pact, while keep-
ing America free with the Monroe
doctrine and opening the door of Asia
to American products through "mak-
ing love to the Chinese."

Ah, Farewell Romance! No More Serenading in Madrid

MADRID, Spain, Aug. 13.—(AP)—The
night no longer will be filled with
music in Madrid. The city commission
has launched a campaign against
both serenade and serenading in this
category "extemporaneous night sing-
ing." Although the order makes no
specific mention of serenading, lovers
are wondering whether the Spanish
custom of serenading in the moonlight
with the aid of voice and guitar is to
be barred. The police also have been
ordered to stop unnecessary use of
automobile horns.

TODAY'S HOUSEHOLD HINT

By Edna Lewis

Refinishing Furniture?

Remove Old Paint and Varnish
for 15c!

Are you tired of
your breakfast set,
porch set—or any other
furniture in your home?
Don't buy new pieces—
thousands of women
today are "refinish-
ing" their homes by
the simple method of
applying a glowing
coat of new color to furniture they
already own!

Others are picking up "antique"
pieces—chairs, tables, cabinets, entire
sets. Weatherbeaten and marred at
first, a few hours' refinishing gives soft-
glowing new pieces that amaze and
delight everyone.

The secret of perfect refinishing lies
in completely removing old paint or
varnish—right down to the bare wood.
There are several ways of doing this—
most of which are expensive and require
lots of scraping and "elbow grease."

But the other day an old refinisher

told me the secret of removing paint or
varnish practically without effort—
and at the cost of a few cents! Here
it is:

Dissolve 4 heaping teaspoonsful of
cornstarch in 2 quarts of water, in a
wooden pail or stone crock. In another
container dissolve one can of LEWIS'
LYE in one quart of water. Pour the
lye solution into the cornstarch very
slowly. Stir well all the time, making a
thick paste without lumps.

With an old brush or swab, paint
this on the surface from which paint or
varnish is to be removed, putting on an
even thick coat. Cover a small section
at a time, leaving on until it shows
signs of drying. Then scrape off with a
putty knife, wire brush or steel wool.
Or, if running water is available, simply
turn hose on parts treated and paint
will run off like ink! Let lye paste get
almost dry, in this case.

Just one word of warning. Be sure to
use LEWIS' LYE—the standard for
60 years. Thus you can be sure of best
results. Automobile painters endorse
this method of removing paint—and
they are frank to admit that only
LEWIS' LYE should be used for best
results.

HOTEL EASTGATE

Just a whisper from the loop

THE people one meets at the Eastgate
provide an especial delight to the
guest of discriminate tastes. Here you
find those who appreciate the fine things
which the Eastgate offers—culture, refine-
ment and an air of dignity.

Here you are welcomed as a guest should
be welcomed. You sleep and live in
cool, airy rooms—on beds equipped with
Kay spring-filled Brandwein mattresses.
You may lounge in the handsome lobby
or dine in our delightful dining room.

And the 16 story Eastgate is "Just a whisper
from the loop" . . . away from its noise,
heat and dirt—yet close to business, social
or theatrical activities, the beaches,
golf links, tennis courts and bridge path.

We welcome you to this attractive out-of-
the-loop hotel. The rates are surprisingly
reasonable with special rates for Permanent
Guests.

FOR EDUCATION IN DRINKING TRY TOUR OF BALTIC

Those Folks Like White
Mule Much and Often.

BY JOHN STEELE.

[Chicago Tribune Press Service.]
COPENHAGEN, Denmark, Aug. 13.—
Any one who is interested in the
subject of drink from any point of
view should pay a visit to the
countries around the Baltic sea for
in them he will find in small compass
as many kinds of drinking habits, as
many kinds of drink regulations and
as many kinds of results as there are
in the world.

On the trip which I am just con-
cluding I began the study of liquor
in Germany. Now Germany has not
many lessons for an American with
a pre-Volstead memory. The Germans

are industrious and honest beer drink-
ers. Sometimes they may take a little
schnapps and if they can afford it
some wine, but beer is the great stand-
by of the German people.

Poland Likes "High Power."

It is when one arrives in Poland
that one feels that one is in a new
drinking world. Here beer ceases to
be liquor. It is just drink, like ice
water in America. Every one drinks
it when he is thirsty, early in the
morning and late at night and in be-
tween. It is good beer, but it lacks
alcoholic authority. They say it is
something like one and a half per cent
alcohol, but that is hard to believe.

Here for the first time one meets
the drink of the Baltic states. It has
various names, but it is always the
same. The Poles call it silvovitz, and
right here I am going to anticipate
the know-it-all who will say silvovitz
is prime brandy as made in Jugo-Slavia.
The Polish silvovitz is made from rye
or potatoes and is a white uncolored
alcohol.

The usual thing is to have one or
two before every meal and one or two
more during the meal, and a couple
after. If you take any more the Poles
may conclude that you are a drunk-
ard, but if you refuse this ration you
are apt to be pitied as having a poor
head for liquor.

In Lithuania It's "Vodka."

When you move up into Lithuania
they call it vodka which is the same

as the Russian vodka. In Latvia and
Estonia it is also vodka but every-
where it is the same white alcohol
made from rye or potatoes. Beer in
Lithuania is like beer everywhere,
plentiful, cheap and good. The Lithu-
anian intelligentsia are earnest drink-
ers, but not in the Polish class.

In Latvia again it is vodka which is
consumed with something like the
Polish earnestness.

Estonia claims to make the best
vodka and some of her neighbors ad-
mit it. It probably is the strongest.

Finland Dry; Drinks Hard.

Crossing the Baltic to Finland one
comes on a new set of conditions.
Finland is a dry country. And just
like America one can get all the
liquor there is if one can pay for it
and can stand the bad quality.

Sweden seems to have solved the
drink question as well as any nation
in the world, with the spirit and wine
monopoly system and individual con-
trol of the drinker.

Norway, which recently abandoned
prohibition because its people were
drinking to much, still tries to limit
the consumption of liquor by legisla-
tion. You can't get a drink of hard
liquor in Norway before three o'clock
in the afternoon and you can't get one
at all on Saturday or Sunday or on a
holiday.

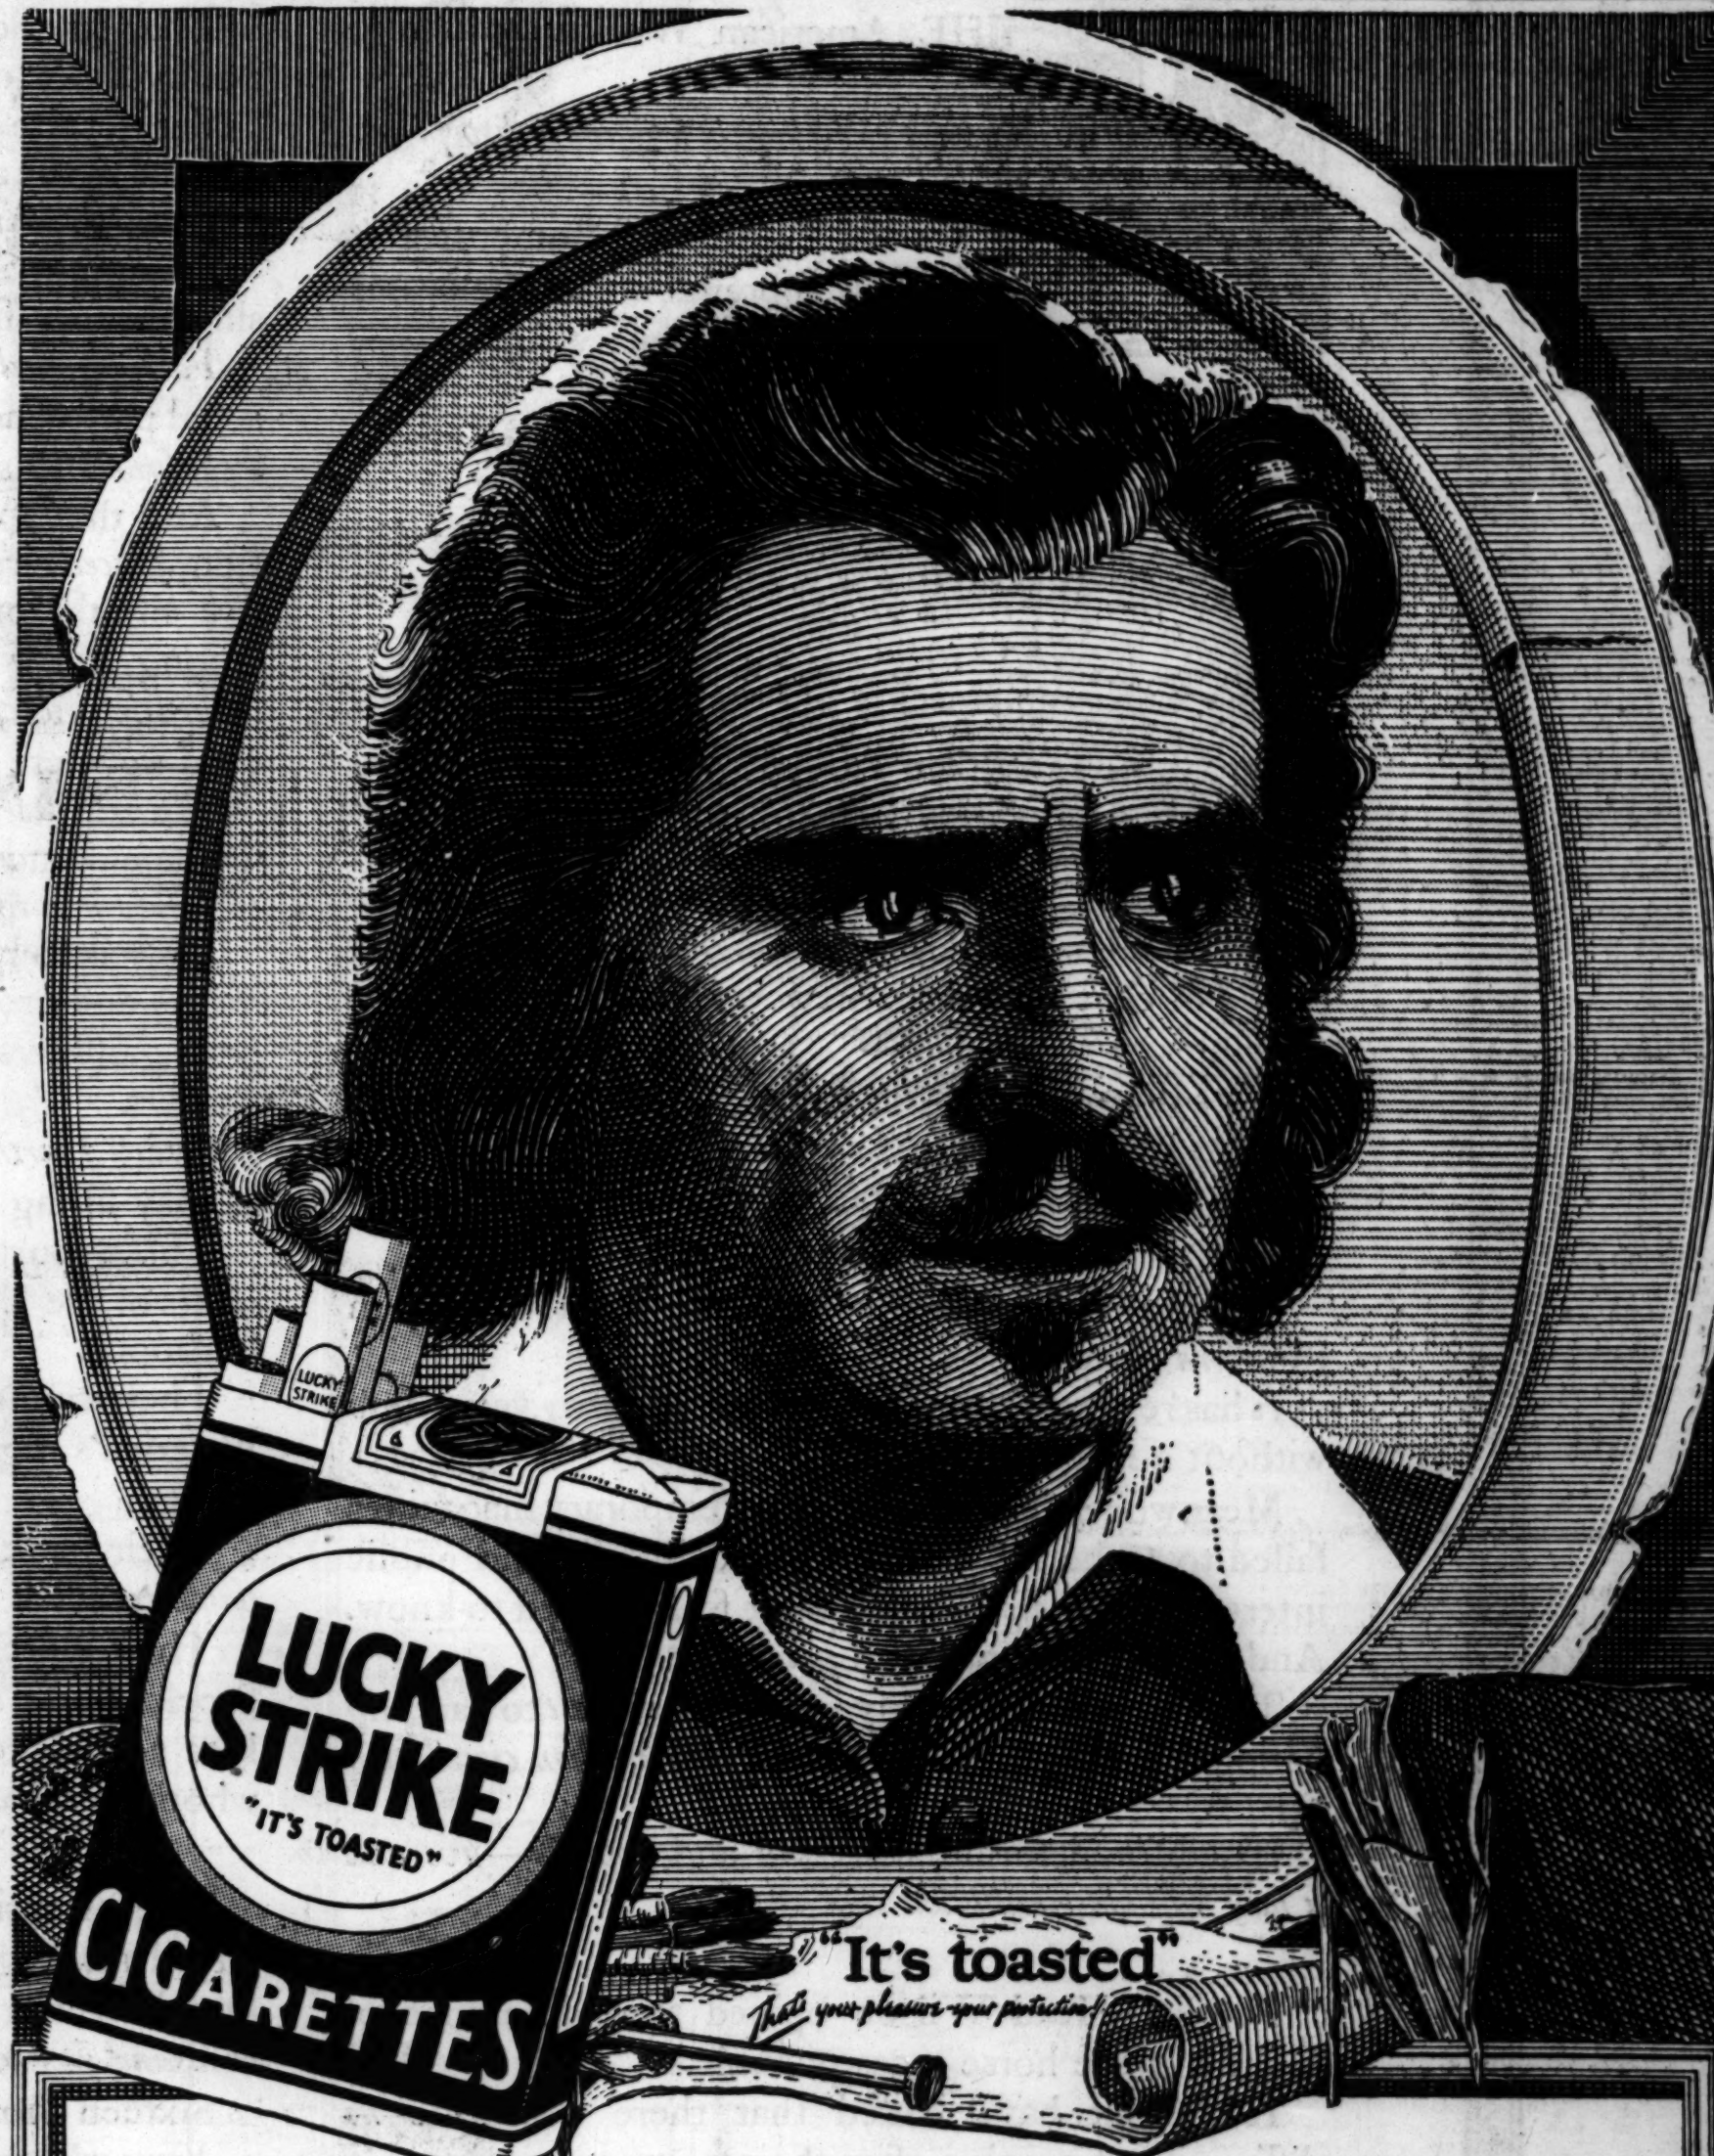

Denmark is the soberest of all the
Baltic countries. Every one drinks
here when he likes and few Danes get
drunk.

OFFICE FURNITURE SALE

Douglas Fairbanks

America's Motion Picture Favorite, as he will appear in his forthcoming production "The Iron Mask" says—

"I get more kick from the Lucky Strike flavor than from any
other cigarette. They are easier on my throat and wind. That's
why I smoke nothing but Luckies. Toasting really means a lot
to me. My own experience has proven that toasting not only
takes out the bad things but doubles the flavor."

Douglas Fairbanks

"So Big"

(with apologies to Edna Ferber)

HE American Weekly *talks* big, because it *is* big.

You can't expect a giant to lisp pigmy phrases.

Its distribution is *so* immense that a *fitting* appraisal bursts the seams of superlatives which would *wrinkle*

on the *figures* of *runt* circulations.

We sell *size* because advertising value is primarily based upon reader *volume*.

There isn't a medium of admitted importance that *doesn't* estimate selling power by its own sales record.

The American Weekly has the *most* readers and by accepted *audit* standards, the *most desirable* readers.

They buy the American Weekly at *full* price and without solicitation, discount, concession or premium.

The country absorbs five and a half million American Weeklies every Sunday *only* because folk like it *forty* per cent *better* than the *next* most influential periodical.

It's sold on *merit*—on the merit of *popularity*—on the quality of *mass appeal*, without which neither a *product* nor a *publication* can be indefinitely marketed.

The American Weekly is a family habit, already in the *third* generation.

It has reached peak influence after a *thirty* year climb without a *slipback*.

Meanwhile, a hundred *once* contemporary magazines failed to make the grade. They couldn't hold public interest. They *didn't* print what folk wanted to know. And so they lost *pace* and *place*.

The American Weekly has come *nearest* to gauging national intelligence—*five and a half million* circulation *says so*.

Its editorial formula is *sound* and *popular*—*five and a half million* circulation *says so*.

Puddin' Head Wilson opined that difference of opinion made horse races possible.

He might have added that there could be *no* difference of opinion after the race was *run*.

The American Weekly has run and *won* its race—not by a *nose* or a *length*—but by half the *field*.

Yet despite a pullaway from competition, without parallel in the annals of journalism, differences of opinion as to the American Weekly's efficiency *still* persist.

Some individuals don't like it; which is *unimportant* since twenty-five million folk *do*.

Fair-minded appropriations must *concede* that personal preferences or prejudices aren't competent *counterbalances* to such marketing power.

And that's what we sell. We sell *maximum* circulation, *placed* circulation, *concentrated* circulation, *productive* circulation, *ready-money* circulation, circulation among *steady earners* and *ready spenders*, circulation *saturating* rich, prosperous communities—and distributed nowhere *else*.

We sell *twenty-five million* readers, but their higher average of income gives them the consuming capacity of *thirty-five million* villagers and farmers.

Their incomes *aren't* at the constant mercy of elements and crop irregularity—they *aren't* weather and grass gamblers—but the *pick* of the nation's *tinkers* and *thinkers*.

Every *fourth* factory wheel, every *fourth* freight car is busy filling or transacting their orders.

Three-fourths of the department stores and wholesalers of the United States are centered in their neighborhoods.

Their canned food, cosmetic and trifle bill *exceeds* America's regular expenditure on agricultural implements.

Their bank accounts hold the surplus wealth and *panic* reserves of the Republic.

Their merchants are the shrewdest and best-rated. Stocks don't *stale* on their *shelves*; they take carload lots and discounts, and are the prompt *repeaters* whom *dividends* so dearly love.

The American Weekly blankets metropolis and city. Its energy isn't sprayed from Dan to Bersheba, but delivered with *gate-crashing* force at less than a *thousand* densely populated points.

Sixteen thousand dollars per *poster* size color page. *You can't expect a giant to work for pigmy wages.*

DOROTHY PAGE'S 77 LEADS WOMEN'S WESTERN GOLF

ground having been secured on which to build the racing palace.

The track was operated at a daily overhead expense of about \$35,000. This was from \$7,000 to \$10,000 a day more than it has cost any other track in the Chicago district to operate this year.

In order to make the track ready for a hurried opening late last fall it became necessary for large crews of men to work day and night on the huge grandstand, elaborate clubhouse and surrounding grounds. This added thousands to the building costs.

When the track was ready for the opening of its early summer meeting last June there were outstanding bills and contracts that rolled up a debt total of \$1,600,000.

During the June meeting there was rain or a muddy track on 19 of the 24 racing days. This reduced the fields to a minimum. It brought programs with the same horses running day after day. They became unattractive and the attendance suffered. Small horse races are not good betting values. The pari-mutuel betting handle suffered as a result.

The Jockey club was still facing an added expenditure of from \$250,000 to \$500,000 to complete the plant. Chief among the needed improvements are a drainage system and the building of roads in the vicinity of the stables.

Track Will Pay Later.

It will cost another \$250,000 to install golf courses, polo fields and a steeplechase course which were originally intended for this playground for the wealthy North Shore horse lovers.

The purses were as large as those offered on any other Chicago courses. The stable program was a terrific success. But despite the handicaps men well versed in race track affairs were of the opinion last night the track can be made to pay.

They pointed out that the daily overhead can be trimmed until it is somewhere near that at the other Chicago courses. They showed where business could be increased by rebuilding confidence in the track.

They estimated the track can be made to pay from \$400,000 to \$1,000,000 a year when all these handicaps are overcome.

VOTE TO COMBINE LIPTON AND UNION CUP YACHT RACES

An agreement among "R" class yacht skippers to combine the Union cup trial races and the Lipton cup race caused a postponement of the former series, which was scheduled to open at Belmont harbor yesterday.

Seven local "R" boats will compete in a series of three races from Thursday to Saturday of this week. The racer winning the Lipton cup will represent the Lake Michigan yachting association in the Union cup series, off Rochester, N. Y., on Lake Ontario, in September.

SEEDER PLAYERS LOSE AS JUNIOR NET MEET OPENS

Shields, Defending Champ,
Is Easy Victor.

Culver, Ind., Aug. 13.—(Special.)—The defense of his national junior tennis singles championship on the Culver Military academy courts today, topped over Robert McCulloch in his first match, 6-1, 6-1. Shields' easy victory presages another march to the title this week.

Two of the ten seeded players fell by the wayside. William Haseltine, of Philadelphia, seeded fourth, lost to R. Joyce Portnoy, of St. Louis, 6-4, 6-2, and then Portnoy in turn was defeated by Fred Brice, of Pontiac, Mich., 6-1, 6-3.

The other seeded junior who lost was Ed Mendel, of Uta, who won his opener from J. A. Laevin, of Culver, and then lost to Junior Bremer, of St. Louis, 6-3, 6-2.

Suffering Upsets Denison.

Cliff Sutter, of New Orleans, came into the dark horse class with a decisive victory over Carl Denison, of Youngstown, the ranking western junior, 6-2, 6-3.

Other ranking players who came through easily were Harry Plymire, Palo Alto; Earl Taylor, Austin; Keith Gledhill, Santa Barbara; David Jones, New York; and Walter Thomas, Elmore, N. J.

As Evans of Culver, had a terrific match to beat Bob Brown of Chicago, winner of the University of Chicago interscholastic, 6-4, 10-12, 6-2.

Most of the Chicagoans had their troubles. John Sheldon, of Glencoe, Chicago junior champion, advanced by default, John Wilson of the north shore lost to Walter Thomas; Gersom Faden of Hamilton Park was trimmed by W. Barry Wood of New York; the only upset among the boys was the loss of Hamilton Park, bowed to Martin Buxby, Miami.

Baltimore Boy Sets Pace.

Leo Lichtenstein of Baltimore, advanced to the fourth round, one ahead of the field, in the boys play. The only upset among the boys was recorded when Frank Parker, tiny Milwaukee youth, lost to Walter Levitt, Dorchester, Mass.

John Baumann of Oak Park, holder of the Chicago boys title, romped over two opponents to reach the third round. In the first frame he defeated G. Hall of Culver, 6-1, 6-1, and then he won easily from Cornelius Holloway of Indianapolis, 6-2, 6-1.

M. A. Mestre of Mexico City won his opener from B. H. Johnson of Indianapolis, 6-2, 6-0. Joe Bill Bradley of Austin, winner of the western boys' title at Chicago last week, won two easy matches to go into the third round.

LOTT, DOEG WIN

Rye, N. Y., Aug. 13.—(AP)—George M. Lott Jr., Chicago member of the American Davis team, and John Doeg of Santa Monica, Cal., seeded third and fourth in the field, disposed of two opponents apiece in the eastern turf tennis championships today. They joined Frank Hunter, Berkeley, Calif., and Herbert L. Bowman in the third round.

Lott defeated Harry Brunle of New Rochelle, N. Y., 2-6, 6-2, 6-3, and Ted Burwell of Charleston, S. C., 6-2, 6-2, 6-2. Doeg conquered Mordecai Bernstein of New York in three first round sets, 6-4, 6-3, 6-2 in the first round and then eliminated Louis H. Traubner Jr. of Dallas, Tex., 6-3, 6-2.

CHICAGO LOSES TO CLEVELAND PRINTERS' TEAM

Boston, Aug. 13.—(AP)—Chicago, last year's champion team of the Union Printers' International Baseball League, was defeated by Cleveland, 4 to 3, in the second day's play of the eighteenth league championships here today. Chicago's defeat was unexpected in view of the showing made by the Illinois team on Sunday, when it defeated Cincinnati, 21 to 7.

Washington made 22 hits in its game with Detroit, defeating the latter, 18 to 12. The Detroit team furnished only five hits to obtain its 12 runs.

The other games today resulted as follows: St. Paul, 11, Pittsburgh 5; St. Louis 10, Boston 2; Cincinnati 4, Indianapolis 3.

Urban Shocker Stricken

by Pneumonia at Denver

Denver, Colo., Aug. 13.—(AP)—Urban Shocker, former New York Yankee pitcher, was removed to St. Luke's hospital here today suffering from an attack of pneumonia. His condition was described as serious. Shocker has been pitching for a Denver semi-pro nine in the Denver post baseball tournament here.

DIAMOND

1-TON SIX
\$1095

Think of a Tonner—a real TRUCK—a Diamond T—at \$1095! Fifty horsepower... 4-wheel hydraulic brakes... de luxe cabs... smart as a whip... swift... safe... sturdy... with 24 years of "know-how" in back of it!

MOON MULLINS—NIGHT LIFE IN A GREAT CITY

Gardner Wins Golf Tourney at Flossmoor

Fred Gardner of Olympia Fields, who was chairman of arrangements for the recent national open, again led the Central Manufacturing District club in its sixteenth annual golf tournament at Flossmoor yesterday.

Gardner shot 41-104-81, but the championship crown was held in escrow, for since winning the title over his home course last year Gardner has resigned his membership in the C. M. D. club and competed only as a guest.

Of the other 140 players, A. J. Sears and George I. Newman were low with 84's and will play off at eighteen holes for the title.

Prize winners follow:

CLASS A—Low net, Clarence Walters, 85-107-75. Second low net, Charles C. Sherman, 86-108-80.

CLASS B—Low gross, L. M. Wolf, 104-117-78. Low net, G. G. Vandenberg, 83-101-72. Second low net, C. C. Hale, 83-101-72.

CLASS C—Low gross, F. J. Smith, 98-104-72. Low net, B. J. C. Smith, 98-104-72. Second low net, J. C. Macchett, 101-78-73.

CLASS D—Low gross, F. J. Smith, 98-104-72. Low net, B. J. C. Smith, 98-104-72. Second low net, J. C. Macchett, 101-78-73.

CLASS E—Low gross, F. J. Smith, 98-104-72. Low net, B. J. C. Smith, 98-104-72. Second low net, J. C. Macchett, 101-78-73.

Dorothy Page's 77 Leads in Women's Western Golf

should be between Mrs. Melvin Jones and Mrs. Gregg Lifer of Los Angeles. Mrs. Presler plays Virginia Ingram, youthful champion of Sunridge, and Miss Page plays Jane Cannon of Milwaukee. Miss Cannon beat Miss Page for the Wisconsin state championship a few weeks ago.

Scores of the medal round:

Dorothy Page, Madison, Wis., 30 38 77
Mrs. Dalton E. Raymond, Baton Rouge, La., 30 38 77
Virginia Wilson, Oswego, 30 38 77
Mrs. Harry Presler, Los Angeles, 30 38 77
Mrs. Gregory Lifer, Los Angeles, 40 41 81
Bernie Wall, Oakbrook, Wis., 40 41 81
Virginia Van Wyck, Beverly, 40 41 81
Mrs. S. L. Reinhardt, Dallas, Tex., 41 42 83
Anne Webster, Fort Leavenworth, 41 42 83
Kas., 42 40 82
Mrs. Curtis Schell, Orem, Utah, 42 40 82
Mrs. G. S. Hill, Kansas City, 42 40 82
Kathleen Wright, Pasadena, Cal., 41 44 84
Mrs. Robert J. Bullard, Springfield, Ill., 41 44 84
Mrs. F. F. Holloway, Olympia Fields, 39 44 83
Mrs. Howard D. Raymond, Evans, 39 44 83
Virginia Ingram, Sunset Ridge, 42 42 84
Elizabeth Babin, Ridgemoor, 42 42 84
Jane Cannon, Milwaukee, Wis., 42 42 84
Helen MacKorran, Indian Hill, 41 44 85
Mrs. L. G. Nelson, Miami Valley, 41 44 85
Mrs. Melvin Jones, Olympia, 41 44 85
Carrie Kuhnert, Grand Island, 40 45 85
Mrs. C. G. Kendrick, Indian Hill, 40 47 87
Catherine Bryant, Westwood, 40 47 87

BILLION DOLLAR BANK MERGER RUMOR PERSISTS

Chicago stock market and financial circles persisted yesterday in speculating on the possibility of a billion dollar merger of Chicago's two largest banks. The demand for the shares of the Illinois Merchants Trust company and the Continental National Bank and Trust company was pointed to by brokers as indicating something in the air.

While there have been denials of a consolidation, it was suggested that some tentative conversations have taken place and no official action has been proposed or taken, and in big business no deal is regarded as closed until final action is taken. Furthermore, doubts have been expressed in some quarters as to the feasibility of such a deal.

Continental at New Peak. However, Continental National bank shares continued in brisk demand yesterday and mounted 30 points further to a new peak at 650. On the other hand, Illinois Merchants Trust shares were easier at 1,160 bid, compared with last week's peak price of 1,185.

Should a merger of the two institutions eventuate, it would give Chicago its first billion dollar banking institution. On June 30, the Continental National reported total resources of \$449,128,202, including bank premises conservatively valued at \$10,650,000. The Illinois Merchants Trust reported total resources of \$461,855,685, but its bank building was carried at only one dollar, although reported to be worth around \$15,000,000. The Continental reported capital at \$35,000,000; surplus, \$30,000,000; undivided profits, \$4,452,212; loans and discounts, \$275,350,125, and total deposits, \$532,560,652. The Illinois Merchants had capital of \$15,000,000; surplus, \$20,000,000; undivided profits, \$297,397; loans and discounts, \$255,392,161, and total deposits, \$382,432,742.

Trade News Favorable. New deals and industry continued cheerful yesterday. The General Motors corporation reported July sales of dealers to consumers at 177,728 cars, a gain of nearly 32 per cent over a year ago, although seasonal letdown from the earlier months of this year. Sales to dealers last month totaled 18,473 cars, a gain of nearly 24 per cent over a year ago.

In the steel industry, the Youngstown Sheet and Tube company advanced to nearly all grades of rolled steel by \$2 a ton, while the Inland Steel company advanced black and galvanized sheets by \$2 a ton. The price of steel in ahead production in the Youngstown district and as a result recent high levels of production are being maintained. Plant operations now are averaging approximately 80 per cent of capacity.

Increased Copper Earnings. Reflecting the improvement in the copper industry, two of the important copper firms reported larger earnings for the first six months of 1928 than for the same period a year ago. Utah Copper company had substantially larger earnings for the first half of 1928 than in the same period of 1927, profit, before depletion charges and federal taxes, amounting to \$2,951,541, against \$7,754,022. Second quarter profit was \$4,855,321 before depletion and taxes, against \$4,031,677 in the second quarter last year.

Nevada Consolidated Copper corporation reported profit of \$5,718,588 for the half year, before depletion and federal taxes, against \$3,218,011 in the first half of 1927. Second quarter profit was \$4,437,321 against \$2,758,061 in the second quarter, and \$1,894,208 in the second quarter of 1927.

RAILROAD NOTES

The New York Central earned \$5.24 a share in the first six months of 1928, against \$4.60 a share in the same period of 1927. Net income declined \$1,434,228 to \$12,975,096. The Cleveland, Cincinnati, Chicago & St. Louis earned \$5.43 a share on the common, against \$7.51; the Erie Railroad earned \$4.60 a share against \$4.23 and the Pittsburgh & Lake Erie, \$3.52 against \$4.42 a year ago.

The Seaboard Air Line railway has asked the interstate commerce commission for authority to issue \$751,000 of its first and consolidated mortgage bonds, due 1946, to reimburse its treasury for expenditures made in relation to trust obligations. Authority also was requested to pledge bonds as collateral for short term notes.

Improved yard facilities that will speed up both east and west bound freight movements on the main line of the Pennsylvania between Chicago and eastern points will be placed in operation immediately. The formal opening of two new classification yards, costing nearly \$2,000,000, will be witnessed by city officials and business men of Erie and Erie, Pa., by a group of Pennsylvania officials from Chicago and Ft. Wayne, Ind.

Freight traffic on Canadian railroads this year to Aug. 4 was 2,001,418 tons, 50.6 per cent in excess of 1,329,513 tons originating on the line and 1,209,513 tons received from connections, against 1,878,930 and 1,176,917, respectively, in the same period of 1927, a gain of 6.5 per cent.

FINANCIAL NOTES

A block of 30,000 shares of non-voting convertible preferred stock of the Winston Electric company, engaged in the design and manufacture of gasoline and Diesel internal combustion engines, was offered to the public at \$38 a share by John Burnham & Co. and H. W. Noble & Co. The company will acquire all of the assets and business of its predecessor company of the same name, which formerly was a department of the Winston company.

Public offering will be made today of \$4,800,000 City of Los Angeles 4 1/2 per cent bonds issued for harbor improvement and electric plant purposes.

The American Ice company has completed the redemption of \$5,000,000 of its first and general mortgage 6 per cent bonds through proceeds received from the sale of 6 per cent debentures.

ROBIN AND TURPENTINE. SAVANNAH, Aug. 13.—(AP)—TURPENTINE.—Firm, 47 1/2c; sales, 960 bbls; receipts, 1,000 bbls. ST. LOUIS, Aug. 13.—(AP)—ROBIN.—Firm, 1.375 bbls; receipts, 1.882; shipments, 980 bbls. ST. LOUIS, Aug. 13.—(AP)—ROBIN.—Firm, 1.375 bbls; receipts, 1.882; shipments, 980 bbls. ST. LOUIS, Aug. 13.—(AP)—ROBIN.—Firm, 1.375 bbls; receipts, 1.882; shipments, 980 bbls.

The Board of Directors of the Chicago & North Western railway has declared a quarterly dividend of 1 1/2 per cent on the preferred stock of this company, payable on the 15th day of September, 1928, to stockholders of record at the close of business on August 20th, 1928.

Checks will be mailed. DAVID BRUNNEN, Treasurer.

SYNDICATE BUYS NOTED GARDEN AT BROADWAY BARRY

The picturesque little garden at the rear of the old drug store at the northeast corner of Broadway and Barry, for many years a familiar sight to riders on the Broadway cars, is to disappear to make way for an important improvement which will probably take the form of a tall building.

Mrs. Mary Barbara Brauer yesterday sold her property fronting 178 feet on Broadway and 100 feet on Barry to a syndicate for whom Samuel E. Mittelmann, investments, took title. Mr. Mittelmann in turn conveyed the title to the Foreman Trust and Savings bank as trustee. This syndicate is now working on plans for the improvement of the land. The price paid is reported to have been \$175,000.

At the corner is a two story brick building with a shop on the main floor which for many years was occupied by the drug store of George Starr. Next door at 553 Barry is the three story residence of Mrs. Brauer, widow of Paul Brauer, founder of the Brauer cafe in Lincoln park. Mrs. Brauer may occupy the home until Nov. 1.

Back of the two buildings is the quaint garden, partially hidden on the Broadway side by a brick wall. The purchase has already started their work of dismantlement, trees, and shrubbery having been cut down. Included in the tree removed is the giant one which stood at the corner of the two streets. This tree is said to have been the largest on the north side.

The syndicate, of which Milton Callender, builder, is a member, some time ago acquired the frontage at the southeast corner of Broadway and Briar place which gives it an entire block on Broadway. The Briar place corner has apartment buildings on it. Jacobson, Merrick & Lattor represented the syndicate in yesterday's transaction.

Michigan Avenue Deal. The Foreman Trust and Savings bank as trustee has taken a lease from Henry T. Martin on the 50x180 feet of vacant property at 1184-16 South Michigan avenue for a term of five years from Aug. 10, 1928. The lessee has an option to purchase at any time for \$250,000, which is at the rate of \$5,000 a front foot. No improvement plans have been announced. Albert H. Wetten & Co. were brokers.

The Madison and Kedzie State bank has made a loan of \$30,000 for seven years at 6 per cent on the property at 2331-37 West Washington boulevard with Joseph Siegel. The land, 62x100 feet.

NEW ISSUE

\$4,800,000
City of Los Angeles, California
4 1/2% Bonds
Principal and interest payable in Los Angeles and New York. Coupon bonds of \$1,000 which may be registered as principal and interest.

Exempt from all Federal Income Taxes and tax free in California
Legal investment for savings banks and trust funds in New York, Massachusetts, Connecticut, California and other States.

Gains Shown in England's Trade Balance

(Chicago Tribune From Service.)
[Copyright 1928: By The Chicago Tribune.]
LONDON, Aug. 13.—The trade balance of Great Britain not only shows improvement in July over June, but also records a gain in the first seven months of 1928 over the same period of the preceding year, the board of trade figures issued today reveal.

Improvements are recorded on both sides of the ledger, exports increasing, while imports decreased. For the first seven months of this year Great Britain exported \$7,500,000 worth of goods more than in the same period in 1927. At the same time the value of imports decreased by \$50,000,000, making the total improvement in trade balance \$137,500,000.

July Exports Increase. The total exports for July are valued at \$204,425,000, an increase of \$7,500,000 over the figures for June, 1928, and about \$25,000,000 over that for July, 1927. The month's imports were less than \$500,000,000, declining \$20,000,000 under last month's figures, but \$100,000,000 more than the imports of July, 1927.

Total figures for the first seven months are as follows: Exports, 1927, \$4,744,355,297 (about \$2,371,828,995); exports, 1928, \$4,920,656,593 (about \$2,640,283,955); imports, 1927, \$7,101,612,117 (about \$3,552,060,585); imports, 1928, \$7,000,622,590 (about \$3,502,162,950).

Drop in Raw Materials. Imports of raw materials, however, were down this year nearly \$60,000,000 below the figure for the same period last year. Rubber has dropped most, \$40,000,000 less having entered the country than during the first seven months of 1927, \$70,000,000 less than in 1926. Less coal and textile materials also were imported, though more wool was brought in. The increase in the exports of manufactured goods amounts to \$100,000,000.

H. W. Sims Today Becomes Clearing House Examiner. Howard W. Sims, former chief examiner for the Seventh Federal Reserve district, today takes the position of chief examiner for the Chicago Clearing House association. The appointment, which carries a salary of \$30,000 a year, was announced at the time Charles H. Meyer was ousted because he had borrowed heavily from the association member banks. Mr. Sims, who is 38 years old, started his banking connection as a messenger boy for the City National bank of Columbus, O., in 1910. He has been with the federal reserve organization in Chicago for five years.

Loans Up \$5 Billions. Total loans were \$24,739,000,000 on June 30, an increase of \$1,185,000,000 since Feb. 28, and of \$1,931,000,000 since June 30, 1927. The principal increases in loans since Feb. 28 by federal reserve districts were: New York, \$579,000,000; Chicago, \$228,000,000; Boston, \$112,000,000; Philadelphia, \$95,000,000; San Francisco, \$44,000,000; Atlanta, \$29,000,000.

Deposits of all classes aggregated \$36,007,000,000, an increase of \$669,000,000 since Feb. 28, and of \$656,000,000 for the year. Net demand deposits were \$9,000,000,000 more in February and about the same amount less than a year ago, an increase of \$97,000,000 at central reserve city banks, being more than offset by decline of \$13,000,000 in banks in other reserve cities, and \$33,000,000 at country banks. Time deposits showed an increase of \$516,000,000 since Feb. 28, and of \$1,229,000,000 for the year.

Borrowings increased in all federal reserve districts, except San Francisco, where a net decline of \$3

The Winton Engine Company

(An Ohio Corporation)

Convertible Preference Stock

(Without Par Value)

Preferred as to cumulative dividends of \$3.00 per share per annum, payable quarterly, beginning December 1, 1928, and as to assets in the event of involuntary liquidation up to \$40 per share and accrued dividends and in the event of voluntary liquidation up to \$45 per share and accrued dividends. Redeemable at any time at the option of the Corporation in whole or in part upon 30 days' prior notice at \$45 per share and accrued dividends. Convertible share for August 15, 1928. Dividends exempt from present Normal Federal Income Tax. Transfer Agents: Continental National Bank and Trust Company of Chicago; Guardian Trust Company of Detroit. Registrars: Illinois Merchants Trust Company, Chicago; Union Trust Company, Detroit.

IT IS EXPECTED THAT APPLICATION WILL BE MADE TO LIST THIS STOCK ON THE CHICAGO AND DETROIT STOCK EXCHANGES

CAPITALIZATION

| | Authorized | Outstanding |
|--|-------------|-------------|
| 6% Debentures due August 15, 1938 | \$1,000,000 | \$1,000,000 |
| Convertible Preference Stock (without par value) | 30,000 shs. | 30,000 shs. |
| Common Stock (without par value) | 75,000 shs. | 40,000 shs. |

\$1,000,000 of Common Stock to be reserved for the conversion of the Convertible Preference Stock. 5,000 shares of Common Stock to be reserved for exercise of Purchase Warrants.

Mr. George W. Codrington, President of the Company, has summarized his letter to us as follows:

HISTORY: The Winton Engine Company, hereinafter called the Corporation, recently organized in Ohio, owns all of the outstanding capital stock and plans to acquire all the assets and business of the predecessor corporation of the same name, hereinafter called the Company. The business was organized in 1912 as a department of the Winton Company, but was separately incorporated about the beginning of 1925 and since then has operated as an entirely separate corporation.

PRODUCT: The Corporation is engaged in the design and manufacture of gasoline and Diesel internal combustion engines. Winton engines are used in many of the world's finest yachts, in commercial vessels and by the United States Government on light ships, coast guard and other vessels. An important part of the Corporation's business is the manufacture of engines for use in the recently developed gas-electric railroad motor cars. Cars powered by Winton engines are in use by many of the leading railroads, including the Great Northern, Northwestern, Burlington, Rock Island, Union Pacific, New York Central, Pennsylvania and Santa Fe. Winton products are widely and favorably known for their efficiency, dependability and economy. Sales representatives are located in New York, Boston, Washington, Dallas and Los Angeles. The plant is located in Cleveland on the main line of the New York Central, is of modern, fireproof, steel and glass construction, and is so laid out that all materials pass through it in proper sequence, thus minimizing handling and insuring speed and economy in production.

ASSETS: The consolidated balance sheet of the Corporation and the Company as of June 30, 1928, as certified by Messrs. Patton, Chamberlin & Scovill, Public Accountants, after giving effect to the recapitalization recently effected, shows: Total Assets of \$2,543,001.57; Current Assets of \$1,082,448.45; as compared with Current Liabilities of \$256,797.59; a ratio of over 4 to 1; Net Tangible Assets of \$1,005,124.69; equivalent to \$33.50 per share of preference stock.

The Corporation has no bank loans or current accounts unpaid except bills rendered since July 1, 1928.

SALES AND EARNINGS: The net sales and net profits after deducting all expenses, except Debenture interest, but before deducting Federal Income Tax and certain non-recurring charges (amounting to \$4,084.33, \$3,999.96, \$10,939.15 and \$7,820.31 in 1925, 1926, 1927 and 1928 respectively) of the Winton Engine Company, and subsidiary, as certified by Messrs. Patton, Chamberlin and Scovill, Public Accountants, were as follows:

| Year ended December 31 | Net Sales | Net Profits as Above |
|-----------------------------------|-------------|----------------------|
| 1925 | \$1,954,123 | \$344,656 |
| 1926 | 3,367,669 | 353,246 |
| 1927 | 1,730,969 | 305,578 |
| 1928 for 6 months ended June 30th | 1,036,893 | 210,188 |

The annual average of such profits for the 3 1/2 years after deducting interest on the Debentures to be outstanding and allowing for Federal Taxes at the rate of 12% were equivalent to \$8.34 per share of preference stock of the Corporation outstanding. For the 6 months ended June 30th, 1928, such profits were at the annual rate of \$10.41 per share of preference stock and after allowing for preference dividends were at the annual rate of \$5.56 per share on the 40,000 shares of common stock of the Corporation outstanding.

RALLY AT CLOSE REDUCES LOSSES IN GRAIN MARKET

BY CHARLES MICHAELS.

Grain markets showed a weak undertone in the early trading with wheat breaking $\frac{1}{4}$ ¢ to $\frac{1}{2}$ ¢ on Saturday's finish, while liquidation developed in September corn and it dropped $\frac{1}{4}$ ¢ to a low of $\frac{3}{4}$ ¢, establishing a new low for the season. A strong rally came toward the last, with wheat in the lead, closing within a fraction of the top at net gains of $\frac{1}{4}$ ¢ to $\frac{1}{2}$ ¢, while corn was $\frac{1}{4}$ ¢ lower on September and $\frac{1}{2}$ ¢ higher on the deferred deliveries. September oats sold at a new low of $\frac{1}{4}$ ¢, but closed only $\frac{1}{4}$ ¢ lower for the day, while rye was $\frac{1}{4}$ ¢ higher.

Relative weakness in wheat at Winnipeg combined with hearing pressure was responsible for the early decline here, an advance of $\frac{1}{4}$ ¢ in Liverpool having little effect, nor did claims of a very heavy export business having been put through last week, materially in excess of the quantities given to the trade. On the break there was persistent covering by shorts, and also buying here against sales at Winnipeg, and toward the last commission house buying developed, which foundered the small, and the December advanced $\frac{1}{4}$ ¢ from the early low.

Longs were persistent sellers of September corn early, and support came largely from shorts. The new crop months eased early, but there was a good class of buying, and when wheat rallied they advanced sharply, with some attention paid to reports that rains were needed in parts of the belt. The forecast was for generally fair and warmer. Visible supply increased 165,000 bu for the week, and is 10,412,000 bu against 26,225,000 bu last year. A government report in the number of cattle on feed in the 8 leading corn belt states as compared with last year.

Hedging pressure carried oat prices off to a new low on the crop for the September early, and while there was commission house buying and short covering the market showed a heavy undertone. A house with seaboard connections bought December. Trade in rye was light and market easily influenced. Export sales were estimated at 200,000 bu in all positions.

GRAIN STATISTICS

United States visible supply of wheat increased 5,730,000 bu last week; corn, 165,000 bu; oats, 112,000 bu; and barley, 35,000 bu. Rye decreased 55,000 bu. Details follow:

Wheat. This week. Last week. Last year. 72,053,000 61,000 51,386,000
Corn 13,423,000 13,267,000 26,025,000
Oats 3,506,000 3,277,000 11,541,000
Rye 2,945,000 2,902,000 1,183,000
Barley 1,784,000 834,000 885,000
Wheat stocks in all positions in Chicago increased 1,751,000 bu last week, corn, 348,000 bu; oats, 110,000 bu; rye, 2,000 bu; and barley, 56,000 bu. Details follow: In three elevators, except in the totals: Public. Last year. 1,000,000
Wheat 2,345, 4,733 1,078,000 7,670,000
Corn 10,045 1,090 1,135,000 10,388,000
Oats 603 1,152 1,817,000 1,012,000

Oats 2,081,000 2,112,000 1,110,000
Barley 2,175,000 1,669,000 4,000,000

PIT NOTES

September corn was down to 84¢ at the low point yesterday, a break of 17¢ from the high point of two weeks ago. Within the last few days enormous selling by large holders has been on, some of whom are said to be interested in the cash grain. It was said that sales of cash corn by the bulk interests yesterday was quite large. There was heavy selling credited to a local operator who unloaded a large lot of July in the closing days of last month.

There are 6 per cent fewer cattle on feed in the eight corn belt states than last year, according to a department of agriculture report. No change as compared with a year ago is shown in Missouri and South Dakota, while Indiana and Ohio are off 15 per cent, Illinois 10 per cent, Iowa 8 per cent, and Nebraska 5 per cent; Kansas shows a gain of 5 per cent. Of the total cattle on feed it is estimated that only 6 per cent will be marketed during the next four months that will weigh more than 1,200 lbs. Nearly 75 per cent will average less than 1,100 lbs.

COMMERCIAL GRAIN STOCKS

Commercial stocks of grain in store and about at leading domestic points, as compiled by the bureau of agricultural economics, follow:

Wheat. Aug. 11, 1928. Aug. 4, 1928. Aug. 13, 1927. 73,188,000 85,244,000 56,539,000
Corn 13,188,000 13,535,000 27,007,000
Oats 3,692,000 3,489,000 11,778,000
Rye 2,081,000 2,112,000 1,110,000
Barley 1,830,000 1,680,000 4,000,000
Flax 866,000 586,000 761,000
Stocks of Canadian grain in bond: American markets follow:

Wheat. Aug. 11, 1928. Aug. 4, 1928. Aug. 13, 1927. 13,395,000 13,008,000 5,715,000
Corn 15,000 12,000 25,000
Oats 24,000 23,000 10,000
Barley 429,000 410,000 69,000

CASH GRAIN NEWS

Foreign demand for cash wheat was fairly liberal with sales in all positions finally placed at 1,250,000 to 1,500,000 bu. Rye sales were 200,000 bu with a little corn and barley also sold. Chicago handlers sold 28,000 bu wheat, 73,000 bu corn, 103,000 bu oats and 3,000 bu barley to the domestic trade, with 68,000 bu wheat, 22,000 bu corn, 33,000 bu oats, and 10,000 bu barley booked to arrive. Charted were for 250,000 bu wheat, 120,000 bu corn and 200,000 bu barley, the latter to Montreal for export.

Range of cash prices in leading markets follow:

WHEAT.

Attendants Picked
by Katherine Putnam
for Wedding Sept. 29
BY THALIA
It looks as though a most romantic autumn season is approaching, as the number of important weddings is taking place in September and October is an indication. There are nearly a dozen and a half society brides who will tread be-dowered aisles to equally well-dowered altars of one kind and another.
Miss Katherine Putnam, niece of Mr. and Mrs. James Otis Hinkley of Lake Forest, is immersed in the plans for her marriage on Sept. 29 to Bernard Schrauff of New York City. The service is to be read at 4:30 o'clock in the afternoon, at the Church of the Holy Spirit in Lake Forest, and a reception at the Hinkley residence on Wisconsin avenue will follow.
Miss Putnam has asked Miss Winnie Winkle to be her maid of honor, and the bridesmaids are to be three of the girls who made their debut simultaneously with the bride-to-be. Miss Anne Croftan, Miss Georgiana Whitcomb of Chicago, and Miss Leonard Coffin of Winnetka, and also the bridegroom's sister, Miss Isabel Schrauff, Miss Geraldine Grinnell of Detroit, Mich., and Miss Helen Potter of Erol, Mont. Arthur Weill of Newell, W. Va., is to be best man for Mr. Schrauff, and the ushers are to include Miss Putnam's brother, Cleveland Putnam, Henry Barbour of Grantston, John Degner, John Ewing, and Alfred McCormack of New York City, and Wallace Dyer of Uniontown, Pa.
There are lots of pre-nuptial parties in the planning, but they haven't been definitely set as yet. Mrs. Hinkley and Miss Putnam are going to New York next Monday to see about all the nuptial flunies for the wedding. Mr. Schrauff and his bride have selected Cuba for their honeymoon, after which they will reside in New York City.
Mrs. Heylinger de Windt of Winnetka has been elected an alumnae associate to serve on the governing board of Radcliffe college for a one year term. This board is composed of prominent eastern alumnae as well as several members of the faculty of Harvard college, with which Radcliffe is affiliated. Mrs. de Windt is the first graduate from the middle west to be so favored.
Mr. and Mrs. Oliver M. Knode of Winnetka are to give a debut tea for their daughter, Miss Betty Knode, on Sept. 8, at their residence. She is to start to college the middle of September and won't be back until the Christmas vacation when the Knodes are to give a dinner dance for her at the Blackstone on Dec. 21.
The former Joyce Borden, daughter of Mr. Lillian Borden, and sister of John Borden, and her husband, the violinist, Zlatko Balokovic, are spending the summer at Mrs. Borden's place in Camden, Maine, and are being quite sociable. Since the Balokovic's romantic marriage several years ago, Mrs. Balokovic makes up her wardrobe largely from the vivid embroideries characteristic of the costumes of her husband's native land. It is to be the principal artist at the Bar Harbor festival this month before sailing in mid-September for London and the continent, where he is booked for more than 60 concerts for the coming season.
Mr. and Mrs. Henry C. Bartholomew of Winnetka are being congratulated on the birth on Saturday of a son to the Evanston Hospital, Mrs. Bartholomew is the former Miss Virginia Graves, and the new baby's grandparents are Mr. and Mrs. Henry Bartholomew of 1455 S. State Parkway and Lake Geneva.
The Chicago colony at Banff and the Lake Louise section has taken on considerable proportions, reports from the Canadian resort show. Recent arrivals at the Grand Hotel include Mr. and Mrs. Thomas J. Dixon and their two daughters, Alice and Dora. Other Chicagoans there are Mr. and Mrs. L. E. Springer, Mr. and Mrs. Charles J. Rittenhouse and their daughter, Jane, Mr. and Mrs. R. W. Paulmer, Mr. and Mrs. T. H. Rittenhouse, Mr. and Mrs. A. L. Greenbaum, Mr. and Mrs. R. L. Sheppard and Miss Caroline Sarver.
Mrs. J. R. Wilson has as her guests at her Lake Geneva place, her son-in-law and daughter, Mr. and Mrs. L. W. Rosseter of Hartford, Conn., and their son, John. Mrs. Rosseter was Miss Delight Wilson before her marriage.
Dr. Frank Billings and his daughter, Mrs. George R. Nichols Jr., who are spending the summer at Watch Hill, R. I., were in New York City for a few days last week, staying at the Ambassador.
Miss Dorothy Wegener, daughter of Mr. and Mrs. Albert B. Wegener of 540 Lake View avenue, is visiting Mrs. William Godfrey Sage of Belle-plac at the Sage ranch down in Indiana somewhere.
Mrs. William J. Loderback of Highland Park is visiting Mr. Henry H. Doty at the latter's cottage at Three Lakes, Wis.
Mr. and Mrs. Frank C. Engelhardt of Evanston are motoring in Canada. They have been in Quebec and are to return by way of Saranac, Lake George and Watkins Glen, N. Y.

Phi Epsilon Dinner.
Phi Epsilon fraternity will give a dinner this evening at the Hotel, Evanston. N. W. Simon is chairman of arrangements.

Luncheon of Dukes.
Chicago alumni chapter of the Delta Phi Epsilon fraternity will hold its regular luncheon meeting today at 2:30 in the Blackstone grill room.

WINNIE WINKLE, THE BREADWINNER: Rooms and Boards

WELL-I PUT IN A HARD DAY'S WORK ON THIS HOUSE! GUESS I'LL GO HOME AND GRAB A GOOD NIGHT'S SLEEP!!

I GOT TH' FRAME UP TH' ROOF ON TH' WINDOWS AND TH' SIDING AND

NEVER MIND TELLIN' ME ABOUT IT! WE'RE ALL GOIN' OUT EARLY IN TH' MORNING AN' SEE WHAT IT LOOKS LIKE!!

SO YOU'VE GOT THE BUNGALOW NEARLY ALL BUILT, EH, PA?

I'LL SAY SO, AN' BELIEVE ME, IT'S BEGINNING TO LOOK LIKE SOMETHING, TOO!!

WELL IT SURE LOOKS LIKE SOMETHING, BUT I DON'T KNOW WHAT.

MORNING

WED

Plenty of Time Yet to Win Invitation to 'Lilac Time,' Sally Says
BY SALLY JOY BROWN.
Plenty of time still, girls and boys to send me winning letters for my big party to see the marvelous picture "Lilac Time," at the Roosevelt theater on Aug. 23, a week from Thursday.
I don't choose the winners until next Thursday morning, so if you start your letters now you can get them to me in time to be considered. And you'll want to win, I know, because "Lilac Time" is wonderful in every way.
You already know it's a story of aviators in the world war; that Colleen Moore is playing the greatest role of her career, and that with it's new "sound" feature, this is one of the films that may make movie history, the way it sets an entirely new style for combining sound and picture into the movie of the future.
For these reasons you'll want to see "Lilac Time"—and it's just a question of writing letters that will win invitations. Those who write the best letters will be invited as my guests and their names will appear in this TRIBUNE next Sunday.
Remember to write plainly your name, street address and age.

DORIS BLAKE ANSWERS

Averse to Petting.
"Dear Miss Blake: I love a young man who possesses a desire for petting. I do not approve. When I refuse, I am called old-fashioned. Please advise."
It's not uncomplimentary to be called "old-fashioned" when the term implies an aversion to petting. Better so than to pet and then regret it.

Let the Matter Drop.
"Dear Miss Blake: If you had worn a fellow's ring and sent it back to him would it be proper to ask him for it?"
Having returned it, it wouldn't be advisable to ask for the ring again. And a boy's setting isn't as becoming to a girl as one of her own would be.

Patterns by Clotilde
(Registered U. S. Patent Office.)
GIRL'S DRESS.
The shirred sleeves and waistline of this chic dress vary the mode and add feminine smartness for the small girl who is as interested in being up to the minute in her clothes as her older sister. Printed dainty in rose coloring with a straight band at the lower edge of the skirt of plain rose, is repeated in the binding of the V-shaped neck and bow tie. Voile, georgette, crepe, crepe de chine and tulle are among the suitable materials.
The pattern, 3468, comes in sizes 8, 10, 12, and 14 years. Size 8 requires 1 1/2 yards of 36 inch material with 1/4 yard of 36 inch contrasting.

Michigan Avenue at Jackson Blvd.
Admission 25 cents

Good Taste
FOR three generations Lablache has been the choice of gentlemen. For, only to those appreciative of the best, does its delicately individual perfume appeal.
And only to those women who give their skins exquisite care, is accorded appreciation of the fine soft clinging texture of Lablache.
At toilet goods counters everywhere, in the original 10 cent size, delicately scented; and in new lower priced package, slightly more pronounced in odor.

SALESMEN.
Salary and Commission

We offer an unusual money making opportunity to a limited number of men of neat appearance, 25 years of age, who have lived in Chicago at least 10 years and have wide acquaintance. Some selling experience necessary, preferably real estate or homes.

The work is selling high class urban homes on a rental basis. A union ownership plan has a

ful appeal for the family of av
means. Prices are low and mo
payments are actually less than
for a similar home elsewhere.
Salesmen of ambition and
ligence who are seeking a high
position invited to investigate. Fa
and drifters from other organiz
please stay away. Apply from
a. m. to 3 p. m.

CALIFORNIA
RICH PICK
IN BOULDER

Fortune in R
U. S. Expe

[Chicago Tribune Press
Los Angeles, Cal., Aug.
14.]—Confident that U.
S. will be made to pay for the
Boulder dam, political ad-
ministrators of southern
states are quietly laying their plans
for possible benefits for their
project.

Their constituents are
being reminded of the
promise to pass once the
safely started and con-
stantly assured. A fanciful
up for all to see.
Among the promises
fully before the voters of
the neighboring coun-
try. "You will get cheap
water and electrical power
as Los Angeles grows.
be created and more
circulation. Your rural
be protected against flood
drought, and more far
southern California."

5 Years of Prope
Backed by intensive

dam will surely be built
United States government
the bill.

All of which leaves re-
Los Angeles and southern
happy state. They are
vinced that great man-
will be heaped on them.
Taking the Boulder dam
their own word, for the
not eyeing their project
of what has happened
dam building in the past,
is said: That as soon as
is functioning so as to
Colorado river into an ex-
posed flow, the city of Lo-
combination with nineteen
will build a new 286
to the river.

Water for MI
